**Adventures with a Prophet** Arnold Nicholson, 1939

**Omens and Oracles** Mathew Dillon, 2017-07-14

Addressing the role which divination played in ancient Greek society this volume deals with various forms of prophecy and how each was utilised and for what purpose Chapters bring together key types of divining such as from birds celestial phenomena the entrails of sacrificed animals and dreams Oracular centres delivered prophetic pronouncements to enquirers but in addition there were written collections of oracles in circulation Many books were available on how to interpret dreams the birds and entrails and divination as a religious phenomenon attracted the attention of many writers Expert diviners were at the heart of Greek prophecy whether these were Apollo's priestesses delivering prose or verse answers to questions put to them by consultants diviners known as manteis who interpreted entrails and omens the chremologoi who sang the many oracles circulating orally or in writing or dream interpreters Divination was utilised not only to foretell the future but also to ensure that the individual or state employing divination acted in accordance with that divinely prescribed future it was employed by all and had a crucial role to play in what courses of action both states and individuals undertook Specific attention is paid in this volume not only to the ancient written evidence but to that of inscriptions and papyri with emphasis placed on the iconography of Greek divination

**Prophecy After the Prophets?** Kristin De Troyer, Armin Lange, Lucas L.

Schulte, 2009 It is often said that prophecy came to an end in the early Second Temple period This volume investigates how the Dead Sea Scrolls help to better understand Israelite Jewish prophecy and Israelite Jewish prophetic texts However it not only contributes to the study of prophecy and the prophetic books of the Hebrew Bible by analyzing the textual history and interpretative history of prophetic books the former being concerned with the manuscripts of prophetic books found in Qumran and elsewhere the latter being focused on para prophetic texts and commentaries it also investigates the phenomenon of active prophecy i.e. ongoing prophetic activities after the early Second Temple period long after prophecy came to its so called end In the first part of this volume Matthias Henze deals with the paraprophetic literature from

Qumran Martti Nissinen addresses the relation between Qumran Pesher hermeneutics and Ancient Near Eastern omen divination Timothy H Lim asks if why and in what sense the psalms were considered to be prophecies or prophetic In the second part of the volume George J Brooke asks the question Was the Teacher of Righteousness Considered To Be a Prophet and Katell Berthelot shows in her study of 4QTestimonia 4Q175 that the Teacher of Righteousness was not the only active prophet in the 2nd cent BCE The third part of the volume looks at a wider definition of prophecy Esther Eshel shows how the tree imagery of the Genesis Apocryphon s symbolic dreams participates in a Jewish tradition that is attested in both earlier and later texts Leo G Perdue demonstrates that apocalyptic developed out of both prophecy and mantic wisdom Perdue also provides a survey of mythical mantic sages in the Ancient Near Eeast and mantic sages and mantic wisdom in biblical and ancient Jewish literature Finally in the fourth part of the volume Armin Lange offers an example of how the Dead Sea Scrolls help to solve cruces interpretum in the prophetic books of the Hebrew Bible For this purpose he studies The Genre of the Book of Jonah in light of the paratextual literature from Qumran **The Mormon Prophet** Lily Dougall,1899 A religious narrative dealing with Joseph Smith and Mormonism **What The Prophet Ether Couldn\_t Tell Us: Book 2 of 3** Jim Hendleman,2021-04-13 BACK COVER The sequel to the Jaredite s Civilization What the Prophet Ether couldn t Tell Us is finally out Book III to shortly follow Book II tells of the life and times of the Jaredites the greatest civilization to have ever lived on Planet Earth It details their earliest beginnings and enumerates some of their many achievements and accomplishments It is first mentioned within the Book of Mormon in Ether 1 42 44 Ether was later directed by God to remove everything about them save for their earliest beginnings at the Tower of Babel in Iraq and a few brief tales of their spiritual trials and wars up to their final Civil War Mainstream Archaeology refuses to address this civilization because it would reveal Archaeology s canards about evolution and their false narrative about the Origin of Man The Jaredites settled and colonized South and North America Lemuria Antarctica The British Isles and most of western Europe plus the lands of China and India For nearly 2 530 years they maintained a world wide civilization My research has uncovered many details of Jaredite life and their physical characteristics that the prophet Ether was not allowed to tell us They built all of Egypt Their Hindu colony fought at least two internal nuclear wars They colonized throughout our entire Solar System most moons and all the planets have their cities mainly covered by 7 mile high glass domes except Jupiter and Saturn These two planets each have possible Star War size moons that could be artificial space stations Mars used to be a moon to its now exploded primary which is now the Asteroid Belt Their Martian cities are so immense that New York City and Shanghai combined wouldn t be considered a nickel in a handful of change in comparison to them Jaredite leftovers are all over Earth if one knows when to look for them Book III details a few of their many wars as well as their final Civil War the first year or two which were nuclear Through their longevity they were able to develop their physics to the point to where they could control the weather as well as to weaponize its component parts And their final long prophesied death **The prophetic and poetical writings** Lady
