**T&T Clark Handbook of Asian American Biblical Hermeneutics** Uriah Y. Kim, Seung Ai Yang, 2019-05-30 The first reference resource on how Asian Americans are currently reading and interpreting the Bible this volume also serves a valuable role in both developing and disseminating what can be termed as Asian American biblical hermeneutics. The volume works from the important background that Asian Americans are the fastest growing ethnic racial minority population in the USA and that 42% of this group identifies as Christian. This provides a useful starting point from which to examine what may be distinctive about Asian American approaches to the Bible. Part 1 of the Handbook describes six major ethnic groups that make up 85% of Asian population by country of origin China, Philippines, India, Subcontinent, Vietnam, Korea, Japan and outlines the specific concerns each group has when its members read the Bible. Part 2 of the Handbook examines major critical methods in biblical interpretation and suggests adjustments that may be helpful for Asian Americans to make when they are interpreting the Bible. Finally Part 3 provides 25 interpretations by Asian American biblical scholars on specific texts in the Bible using what they consider to be Asian American hermeneutics. Taken together the Handbook interprets the Bible both with and for the Asian American communities. *A Pictorial and Descriptive Guide to London and Its Environs*, 1907
