Same Story, Different War Miles John Paul Sari,2016 Based on the life of United States Navy SEAL Chris Kyle Clint Eastwood s 2014 Academy Award winning war drama American Sniper depicts the life of the most lethal sniper in the history of the U S military This paper seeks to address the ethicality of the film s attempt to frame the nation s collective

memory of the purpose and consequences of the Iraq War Adopting the concepts of representative anecdotes Burke 1969
 prosthetic memory Landsberg 2004 and truthfulness and deception Bok 1978 as theoretical frameworks I argue that the film
 is an unethical representation of the Iraq War because it memorializes a deceptive monomythic narrative of American
 exceptionalism that vilifies the Iraqi people and glorifies the violence and morality of the individual soldier *Memory and
 the Wars on Terror* Jessica Gildersleeve, Richard Gehrmann, 2017-10-24 This edited collection aims to respond to dominant
 perspectives on twenty first century war by exploring how the events of 9 11 and the subsequent Wars on Terror are
 represented and remembered outside of the US framework Existing critical coverage ignores the meaning of these events for
 people nations and cultures apparently peripheral to them but which have as shown in this collection been extraordinarily
 affected by the social political and cultural changes these wars have wrought Adopting a literary and cultural history
 approach the book asks how these events resonate and continue to show effects in the rest of the world with a particular
 focus on Australia and Britain It argues that such reflections on the impact of the Wars on Terror help us to understand what
 global conflict means in a contemporary context as well as what its representative motifs might tell us about how nations like
 Australia and Britain perceive and construct their remembered identities on the world stage in the twenty first century In its
 close examination of films novels memoir visual artworks media and minority communities in the years since 2001 this
 collection looks at the global impacts of these events and the ways they have shaped and continue to shape Britain and
 Australia s relation to the rest of the world Locating Classical Reception on Screen Ricardo Apostol, Anastasia
 Bakogianni, 2018-10-19 This volume explores film and television sources in problematic conversation with classical antiquity
 to better understand the nature of artistic reception and classical reception in particular Drawing inspiration from well
 theorized fields like adaptation studies comparative literature and film the essays in this collection raise questions
 fundamental to the future of reception studies The first section Beyond Fidelity deals with idiosyncratic adaptations of
 ancient sources the second section Beyond Influence discusses modern works purporting to adapt ancient figures or themes
 that are less straightforwardly ancient than they may at first appear while the last section Beyond Original uses films that
 lack even these murky connections to antiquity to challenge the notion that studying reception requires establishing
 historical connections between works As questions of audience interpretation and subjectivity are central to most
 contemporary fields of study this is a collection that is of interest to a wide variety of readers in the humanities
