## **American Sniper Vs Real Life:**

Scripture, Cultures, and Criticism K. K. Yeo, 2022-08-23 This collection of nineteen representative essays is a Festschrift written by former colleagues and students in honor of Prof Dr Robert Jewett 1933 2020 and his legacy Our hope is that future generations of Bible readers will find this textbook on biblical interpretation helpful for navigating through the strong winds of exegetical theological and hermeneutical methods Jewett's expansive research interests have inspired each author in this tribute volume each of whom has witnessed to the ways that helmsman Jewett has navigated through the often choppy ocean waters of biblical interpretation as well as the complex changing world of religion sacred texts films and popular culture psychology and sociology politics and Pauline studies *Rhetoric, Fantasy, and the War on Terror* Vaheed

Ramazani, 2020-11-16 Drawing on psychoanalytic and semiotic perspectives this book examines discourses mediating the global War on Terror including governmental speeches legal documents print and broadcast journalism and military memoirs The book argues that these discourses motivate and are motivated by a myth of imminent harm that purportedly justifies a series of preemptive measures such as war torture and targeted killing as well as an array of intrusive domestic security procedures such as profiling and mass surveillance Dominant themes include selective compassion in the mainstream media the language of war and the sacrificial sublime asymmetrical warfare and the nostalgia for total war weaponized drones and just war theory and the role of American exceptionalism in normalizing endless war Scholars and students alike will take interest in this original contribution to the fields of cultural studies psychoanalysis media studies rhetoric critical international relations and international humanitarian law and ethics American Grand Strategy under Obama Georg

Löffmann, 2017-07-03 Introduction Reimagining grand strategy Filming hegemony Hollywood and the Manichean script of geopolitics Competing visions for America popular discourses of grand strategy on The New York Times best sellers list The American grand strategy debate in international relations Think tanks and the Washington consensus on hegemony Strategic vision national security defense policy and the geopolitics of military pre eminence The Obama doctrine vision for change Conclusion Through the Crosshairs Roger Stahl, 2018-06-21 Now that it has become so commonplace we rarely blink an eye at camera footage framed by the crosshairs of a sniper's gun or from the perspective of a descending smart bomb But

how did this weaponized gaze become the norm for depicting war and how has it influenced public perceptions Through the Crosshairs traces the genealogy of this weapon's eye view across a wide range of genres including news reports military public relations images action movies video games and social media posts As he tracks how gun camera footage has spilled from the battlefield onto the screens of everyday civilian life Roger Stahl exposes how this raw video is carefully curated and edited to promote identification with military weaponry rather than with the targeted victims He reveals how the weaponized gaze is not only a powerful propagandistic frame but also a prime site of struggle over the representation of state violence

**Social Deviance** Tim Delaney, 2017-06-16 The topic of social deviance is inherently intriguing People in general and

college students in particular find the topic of deviant behavior fascinating This can be explained at least in part by a combination of the subject matter itself our own past deviant behaviors and our willingness and desire to evaluate and comment on the behaviors of others While the topic of deviant behavior seems straightforward at the surface the study of social deviance reveals how complicated it really is Although Social Deviance utilizes a textbook style approach in its coverage of deviant behavior this comprehensive straightforward and student friendly book maintains student interest because of the author's use of real life phenomena and current examples Each chapter includes chapter objectives an introductory story a glossary of key terms discussion questions and boxed material The boxed materials include A Closer Look box that zooms in on topics that warrant deeper explanation and a Connecting Social Deviance and Popular Culture box that shows how contemporary forms of popular culture illustrate deviant behavior

**Our Fears Made Manifest** Ashley Jae Carranza, 2021-01-27 The beginning of the 21st century was a time of unprecedented events in American society Y2K 9 11 and the wars that followed partisan changes in government and the rapid advancements of the Internet and mass consumerism In the two decades since popular culture particularly film has manifested the underlying anxieties of the American psyche This collection of new essays examines dozens of movies released 1998 2020 and how they drew upon and spoke to mass cultural fears Contributors analyze examples across a range of genres horror teen rom coms military flicks slow burns and animated children's films covering topics including gender and sexuality environmental politics technophobia xenophobia and class and racial inequality
