LEAN ON NO ONE Victoria Carroll, 2026-01-28

LEAN ON NO ONE is a journey through the achievements and legacy of Elizabeth Garver Jordan, a woman who defined female ambition, creativity, and empowerment and above all lived life on her own terms. As the influence of public media via newspapers and magazines rapidly grew in the late 1800s and early 1900s, Jordan's innovative approaches raised public awareness of the challenges of social and gender inequality. In her positions at Pulitzer's New York World and Harper's Bazaar, she significantly boosted journalistic and literary opportunities for women and inspired a new generation through her own articles and serialised short stories. Jordan recognized how both work and literary collaborations could promote positive change as well as entertaining reading, especially concerning female empowerment. The themes and experimentation in her short stories, novels of intrigue, crime, and romance, a play, and film productions still resonate with readers today. Her work stands alongside those of her contemporaries with whom she had close personal and professional associations, such as Frances Hodgson Burnett and Henry James. Jordan's independence, determination, and active collaboration in the media, political, literary, and personal aspects of her life, not only benefitted herself but also many others. Her underestimated contribution needs to be fully revealed and acknowledged.

*The Cambridge Guide to Women's Writing in English* Lorna Sage, 1999-09-30

This Guide aims to consolidate and epitomise the re-reading of women's writing that has gone on in the last twenty-five years. This is an opportunity for stock-taking, a timely project when so much writing has been rediscovered, reclaimed, and republished. There are entries on writers, on individual texts, and on general terms, genres, and movements, all printed in a single alphabetical sequence. The earliest written documents in medieval English, the visionary writings of Julian of Norwich and Margery Kempe, are covered in an historical and geographical sweep that takes us up to the present day. The book reflects the spread of literacy, the history of colonisation, and the development of post-colonial cultures, using and changing the English language. The entries are written by contributors from all the countries covered. The result is a work of reference with a unique feeling for the vitality, wealth, and diversity of women's writing.
