

A close-up portrait of Abraham Lincoln, showing him from the chest up. He has dark hair and a full, dark beard. He is wearing a dark suit jacket over a white shirt with a high collar and a white cravat. The lighting is dramatic, with strong highlights on his forehead and nose, and shadows on the side of his face and neck.

## **Abraham Lincoln Redeemer President:**

Abraham Lincoln Allen C. Guelzo,1999 This biography of the sixteenth president explores Lincoln s life and political career along with insights into his philosophy religious views and moral character    **Abraham Lincoln, 2nd Edition** Allen C. Guelzo,2022-11-08 The story of Abraham Lincoln s faith and intellectual life updated and revised with a new preface from the three time winner of the Lincoln Prize and best selling Civil War era historian Allen Guelzo Allen Guelzo s peerless account of America s most celebrated president explores the role of ideas in Lincoln s life treating him as a serious thinker deeply involved in the nineteenth century debates over politics religion and culture Through masterful and original scholarly work Guelzo relates the outward events of Lincoln s life to his inner spiritual struggles and sets them both against the intellectual backdrop of his age The sixteenth president emerges as a creative yet profoundly paradoxical man possessed of deep moral and religious character yet without adherence to organized religion Since its original publication in 1999 Abraham Lincoln Redeemer President has garnered numerous accolades not least the prestigious Lincoln Prize After writing several other acclaimed studies of Lincoln and other aspects of Civil War era history Guelzo returns to update this important early work for a second edition A new preface addresses the developments in Lincoln scholarship in the years since the book s original publication and offers Guelzo s fascinating retrospective look at the unusual path he took to becoming a Lincoln scholar    *Abraham Lincoln as a Man of Ideas* Allen C. Guelzo,2016-12-29 Despite the most meager of formal educations Lincoln had a tremendous intellectual curiosity that drove him into the circle of Enlightenment philosophy and democratic political ideology And from these Lincoln developed a set of political convictions that guided him throughout his life and his presidency This compilation of ten essays from Lincoln scholar Allen C Guelzo uncovers the hidden sources of Lincoln s ideas and examines the beliefs that directed his career and brought an end to slavery and the Civil War    **Lincoln's**

**Emancipation Proclamation** Allen C. Guelzo,2006-11-07 One of the nation s foremost Lincoln scholars offers an authoritative consideration of the document that represents the most far reaching accomplishment of our greatest president No single official paper in American history changed the lives of as many Americans as Lincoln s Emancipation Proclamation But no American document has been held up to greater suspicion Its bland and lawyerlike language is unfavorably compared to the soaring eloquence of the Gettysburg Address and the Second Inaugural its effectiveness in freeing the slaves has been dismissed as a legal illusion And for some African Americans the Proclamation raises doubts about Lincoln himself Lincoln s Emancipation Proclamation dispels the myths and mistakes surrounding the Emancipation Proclamation and skillfully reconstructs how America s greatest president wrote the greatest American proclamation of freedom    **Lincoln and Douglas** Allen C. Guelzo,2008 fill in    Lincoln Apostate Charles R. McKirdy,2011-04-04 In 1847 in a small rural courthouse in Coles County Illinois Abraham Lincoln represented a Kentucky slave owner named Robert Matson in his attempt to recover a runaway slave woman and her four children Most Americans even those with a penchant for the nation s history have never

heard of this court case This is no coincidence Lincoln s involvement in the case has troubled and bewildered most students and biographers of the Great Emancipator In many assessments the case inspires rationalizations and distortions in others avoidance and denial These approaches are a disservice to the man and to those who seek to understand him In Lincoln Apostate The Matson Slave Case lawyer and historian Charles R McKirdy digs behind the myths and evasions to determine why Lincoln chose to advocate property rights grounded in a system that he claimed to abhor and pursue the continued enslavement of five of its most vulnerable and sympathetic victims In a careful and readable blend of narrative and analysis the book finds the answer in the time and place that was Lincoln s Illinois in 1847 in the laws and judicial decisions that provided the legal backdrop against which the drama of the Matson case was played out and in the man that Lincoln was thirteen years before he became president The discussion of Lincoln s decision to represent Matson and the description of the trial itself take nothing at face value The author examines primary and secondary sources for the ribbon of truth shorn of preconceptions and hollow justifications Lincoln Apostate scrutinizes Lincoln s motives for choosing as he did and explores the ideals and fears of this very complex man

**Lincoln: A Very Short Introduction** Allen C. Guelzo,2009-02-26

The award winning Lincoln authority Allen C Guelzo offers here a penetrating look into the mind of one of our greatest presidents The author takes us on a wide ranging exploration of seven problems that confronted Lincoln setting these problems and Lincoln s responses against the larger world of trans Atlantic liberal democracy in the 19th century comparing Lincoln not just to Andrew Jackson or John Calhoun but to British thinkers such as Cobden Bentham and Bright and to French observers de Tocqueville and Guizot

*Lincoln's Rise to the Presidency* William Charles Harris,2007 Emphasizes the conservative bent that guided the young statesman s remarkable political evolution revealing a Lincoln who was increasingly driven by his antislavery sentiments and fear for the republic in the hands of the Democrats like Stephen Douglas as much as if not more than his own political ambition

**Lincoln, Inc.** Jackie Hogan,2011-10-16 Lincoln Inc is an engaging examination of the uses and abuses of the sixteenth president s image in America today Whether in political campaigns blockbuster films school pageants or soft drink advertisements the use of the Lincoln image reveals who we think we are as a nation and who we wish we could be

*Jefferson Davis, Confederate President* Herman Hattaway,Richard E. Beringer,2002 Now two Civil War

historians Herman Hattaway and Richard Beringer take a new and closer look at Davis s presidency In the process they provide a clearer image of his leadership and ability to handle domestic diplomatic and military matters under the most trying circumstances without the considerable industrial and population resources of the North and without the formal recognition of other nations

**BOOK JACKET** *The Republic of Nature* Mark Fiege,2012-03-20 In the dramatic narratives that comprise The Republic of Nature Mark Fiege reframes the canonical account of American history based on the simple but radical premise that nothing in the nation s past can be considered apart from the natural circumstances in which it occurred Revisiting historical icons so familiar that schoolchildren learn to take them for granted he makes surprising

connections that enable readers to see old stories in a new light Among the historical moments revisited here a revolutionary nation arises from its environment and struggles to reconcile the diversity of its people with the claim that nature is the source of liberty Abraham Lincoln an unlettered citizen from the countryside steers the Union through a moment of extreme peril guided by his clear eyed vision of nature s capacity for improvement In Topeka Kansas transformations of land and life prompt a lawsuit that culminates in the momentous civil rights case of Brown v Board of Education By focusing on materials and processes intrinsic to all things and by highlighting the nature of the United States Fiege recovers the forgotten and overlooked ground on which so much history has unfolded In these pages the nation s birth and development pain and sorrow ideals and enduring promise come to life as never before making a once familiar past seem new The Republic of Nature points to a startlingly different version of history that calls on readers to reconnect with fundamental forces that shaped the American experience For more information visit the author s website <http://republicofnature.com>

**Alexander Hamilton and the Persistence of Myth** Stephen F. Knott,2002-02-15 Alexander Hamilton and the Persistence of Myth explores the shifting reputation of our most controversial founding father Since the day Aaron Burr fired his fatal shot Americans have tried to come to grips with Alexander Hamilton s legacy Stephen Knott surveys the Hamilton image in the minds of American statesmen scholars literary figures and the media explaining why Americans are content to live in a Hamiltonian nation but reluctant to embrace the man himself Knott observes that Thomas Jefferson and his followers and later Andrew Jackson and his adherents tended to view Hamilton and his principles as un American While his policies generated mistrust in the South and the West where he is still seen as the founding plutocrat Hamilton was revered in New England and parts of the Mid Atlantic states Hamilton s image as a champion of American nationalism caused his reputation to soar during the Civil War at least in the North However in the wake of Gilded Age excesses progressive and populist political leaders branded Hamilton as the patron saint of Wall Street and his reputation began to disintegrate Hamilton s status reached its nadir during the New Deal Knott argues when Franklin Roosevelt portrayed him as the personification of Dickensian cold heartedness When FDR erected the beautiful Tidal Basin monument to Thomas Jefferson and thereby elevated the Sage of Monticello into the American Pantheon Hamilton as Jefferson s nemesis fell into disrepute He came to epitomize the forces of reaction contemptuous of the great beast the American people In showing how the prevailing negative assessment misrepresents the man and his deeds Knott argues for reconsideration of Hamiltonianism which rightly understood has much to offer the American polity of the twenty first century Remarkably at the dawn of the new millennium the nation began to see Hamilton in a different light Hamilton s story was now the embodiment of the American dream an impoverished immigrant who came to the United States and laid the economic and political foundation that paved the way for America s superpower status Here in Stephen Knott s insightful study Hamilton finally gets his due as a highly contested but powerful and positive presence in American national life

**Lincoln and the Jews** Jonathan D. Sarna,Benjamin Shapell,2025-02-11 In this expanded edition to

a groundbreaking work now in paperback Lincoln and the Jews A History With a New Preface Jonathan D Sarna and Benjamin Shapell reveal how Abraham Lincoln's unprecedentedly inclusive relationship with American Jews broadened him as president and as a result broadened America

**Being Christian in an Almost Chosen Nation**

H. Stephen Shoemaker, 2006 Since September 11 religion has been explicitly connected to most of the major events occurring in national and international arenas This book shows how pastors can engage public issues from the pulpit without surrendering their authority as ministers of the gospel to a partisan agenda

**Lincoln, Inc.**

Jackie Hogan, 2011-10-16 From Lincoln themed cocktails and waffle parlors to high tech museums and steamy romance novels the image of Abraham Lincoln so permeates the national imagination that we now find him in the unlikeliest of places In Lincoln Inc Jackie Hogan examines the uses and abuses of the sixteenth president in the United States today The book takes readers on a journey through the little white lies of Lincoln tourism and offers a front row seat as the martyr president is invoked in heated political debates over such issues as homosexuality abortion and the war on terror Readers enter classrooms that use an idealized Honest Abe to Lincolnize American schoolchildren And readers step into the alternate universe of Lincoln fiction that transforms the Rail Splitter by turns into a hapless time traveler a sentimental cyborg an axe wielding zombie slayer or a frontier heart throb But Lincoln Inc is more than a tour through the thriving Lincoln industry today Whether in staid biographies blockbuster films school pageants or sleeping pill advertisements Hogan shows how the use of the Lincoln image reveals the nation's shared fears and fascinations The book analyzes the ways we employ Lincoln today in our political ideological personal and national struggles the ways we simultaneously deify and commercially exploit him the ways he is packaged and sold in the marketplace of American ideas In learning about Lincoln Inc we learn about ourselves about who we think we are and who we wish we could be

**The State of U.S. History** Melvyn Stokes, 2002-03 Historians are very much aware of the variety of national and international trends that have shaped historical inquiry in recent decades Americanists in particular have been conscious of the growing importance of gender issues the turn to questions of language and meaning the increasing significance of cultural matters and a new emphasis on regional history The 1990s moreover saw a major movement to internationalize approaches to American history by emphasizing comparisons with other countries and cultures By the end of the twentieth century it was by no means clear whether there was any distinctive American history or if it did exist what its main contours were This book brings together a distinguished international group of scholars in an effort to answer this key question through a sustained interrogation of the periods themes fields problems and perspectives in historical writing on the United States How have the intricate issues surrounding gender race slavery and civil rights been resolved and interpreted in recent American history How have historians dealt with the complexities of events such as the American Revolution the Civil War Reconstruction and the New Deal in developing their historical narratives In what ways have technological developments in

industry print and film influenced the questions historians ask The State of U S History offers an exciting introduction to the debates surrounding the major trends in American historical debates and the crucial events and influences that have helped define the American experience **The President Shall Nominate** Mitchel A.
