The ready-to-use therapeutic activities make it an invaluable resource for today's busy clinician. Tim Bynum, program director, Sexual Abuse Treatment Services for YWCA of Kauai, Hawaii. The program and techniques have been used and improved for more than 15 years in programs across the country. The clinician will receive a comprehensive intervention program that includes 26 weekly sessions that address how to initiate the foundations for a therapeutic relationship, communicate and express feelings, teach self-management and assertiveness techniques, discuss intimacy issues, and implement a relapse prevention program. Each session contains brief intervention techniques, handouts, and homework assignments. The advantage of this approach is its flexibility. Modifications to the order in which the sessions are conducted can be made by trained clinicians to fit the needs of their clients.
