or where it was desired to dwell for a longer time on the verb that is being studied The whole question of half open syllables and intermediate shewa has been left untouched The avoidance of the needless confusion and discouragement they cause was thought sufficient warrant for omitting what for the present are at best matters of uncertainty The same motive will also explain the absence of certain other technicalities in pronunciation and transliteration About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at [www.forgottenbooks.com](http://www.forgottenbooks.com) This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **Accidence**
