significance of late ancient altar veils *Religious Polemics and Encounters in Late Antiquity*, 2021-10-18 Religious Polemics and Encounters in Late Antiquity Boundaries Conversions and Persuasion explores the intricate identity formation and negotiations of early encounters of the Abrahamic religions Judaism Christianity and Islam It explores the ever pressing challenges arising from polemical inter religious encounters by analyzing the dynamics of apologetic debate the negotiation and formation of boundaries of belonging and the argumentative thrust for persuasion and conversion as well as the outcomes of these various encounters including the articulation of novel ideas The Late Antique authors studied in the present volume represent a variety of voices from North Africa passing through Rome to Palestine Together these voices of the past offer invaluable insight to shape the present times in hope for a better future **Nordic Interpretations of the New Testament** Louise Heklggaard Bylund, René Falkenberg, Marianne Bjelland Kartzow, Kasper Bro Larsen, 2020-09-07 This volume brings together contributions from the ongoing conversation among New Testament scholars from the Nordic Countries namely Denmark Iceland Finland Norway and Sweden The aim is to challenge the New Testament texts and their interpretations but also to be challenged by these texts and interpretation i e how to read interpret and contextualize the impact of these texts and how to conceptualize the power and authority attributed to them As neighbours in peripheral Europe partly sharing language and history scholars of this region also aim to participate in the broader international discourse The fact that their common academic language is English begs the question whether many of the current essays could have been written in different settings since they do not explicitly reflect on contextual issues Or is this the case What characterizes that part of the world are social democracies with relatively high standards of living a strong protestant past but an increasing multicultural population public welfare systems and gender equality Public universities still have money and can prioritize mobility and internationalisation accordingly although few people live in the Nordic countries relatively many biblical scholars have roots there Initiation into the Mysteries Eniko Sepsi, Miklos Vassanyi, Aniko Daroczi, 2020-09-11 The present volume offers an interdisciplinary collection of twenty four studies to readers interested in the religious philosophical and artistic aspects of initiation In itself the concept of initiation presupposes that there is an initiator someone to be initiated and secret rite or knowedge in short a mystery into which the elect few would be admitted and which must not be revealed to the rest Initiation is thus very personal as it encompasses in Christian theology at least an encounter with God but also involves a communal experience While in European context initiation is an essentially Christian idea not all the papers of the present volume turn to the Christian tradition for sources Hermetism Neoplatonism pre Christian paganism and Renaissance esotericism also find a place among the studies published here Religion and philosophy are not the only viewpoints adopted by our authors however the section on art and literature discusses initiation as it appears on stage in novels short stories and drama as well as poetry especially in modern European literature **The Oxyrhynchus Papyri** Bernard Pyne Grenfell, Arthur Surridge Hunt, P. J. Parsons, N. Gonis, 2023 This volume includes editions

of fifty eight papyri and one text on parchment Among the theological texts three are of exceptional interest 5575 is an early copy of sayings of Jesus corresponding in part to the canonical gospels of Matthew and Luke and in part to the apocryphal gospel of Thomas Jesus is also the speaker in 5576 and apparently in 5577 where Mary is addressed Both pieces may be loosely called Gnostic the latter appears to be Valentinian Of the new literary items the most extensive is 5584 a collection of short biographies of eminent Romans written a century earlier than Plutarch Plutarch's own Homeric Studies now mostly lost may be recognized in 5585 Early Greek philosophy is represented by 5583 a full column of what appears to be Antiphon's On Truth The extant literary texts are fragments of two papyrological rarities the historical work of Aristodemus 5586 7 and the astrological poetry ascribed to Manetho 5588 90 The documentary section illustrates social and economic realities of late antique estates mostly that of the Apions there is new evidence on the handling of wine distributions on the pricing of equipment and materials and on the more mundane relations of the Apion estate to monasteries

Bardaisan of Edessa Ilaria Ramelli, 2009 This comprehensive study offers a critical comparative analysis of the sources available on Bardaisan and a reinterpretation of his thought The study highlights the profound points of contact between Bardaisan Origen and their schools the role of Plato's Timaeus and Middle Platonism in Bardaisan's thought and Stoicism Bardaisan's thought emerges as a deeply Christian one depending on the exegesis of Scripture read in the light of Greek philosophy Positive ancient sources present him as a deacon or even a presbyter as an author of refutations of Marcionism and Gnosticism and as a confessor of the faith during persecution
