Academic Capitalism In China Higher Education Or Fraud:

Academic Capitalism in China J. M. Beach, 2013-02-12 Students without motivation or vision enroll in higher education because of social pressure and the imperative to conform They enroll not because they want to learn nor because they want to personally develop but because they must earn a college degree if they want a chance at a decent job and entry into the middle class Students have become capitalists They are clients looking to invest their economic and human capital in order to secure their future In such an environment education as personal development is lost Academic capitalism is corrupting higher education especially with the rise of new types of profit driven institutions which breach the academic integrity of the traditional university Globally for profit programs are selling college credits rather than offering quality higher education This book explores the larger context of higher education in China while also focusing on a specific case study of a for profit international summer school program China X Educational Change Amongst English Language College Teachers in China Yulong Li, 2020-04-15 This open access book provides anthropological insights into the arduous yet rewarding journeys involved in selected TESOL teachers pedagogical transition to teaching English for Academic Purposes EAP at universities in Shanghai the largest metropolitan area in China Applying a unique combination of ethnography and phenomenology the book offers innovative new perspectives on teacher education research Drawing on the latest language education theory it outlines a practitioner friendly approach to EAP literacy Teacher readers will especially benefit from the case studies presented here which provide role models for teacher change in educational reform as well as advice on their academic careers In addition to addressing a timely and important research gap on EAP teachers in non Western countries the book is the ideal choice for readers interested in an update on English education in China Globalization and Transnational Academic Mobility Qionggiong Chen, 2016-08-04 This book examines the way Chinese academics returning from the US re establish their academic identities and professional practices at China s research universities in the context of higher education internationalization in China It goes beyond economic accounts of academic mobility based on the notions of brain drain brain gain and brain circulation Instead it uses a cultural approach to explore the everyday experiences of the returning scholars concerning the issues of their sense of identity as well as their ways of connecting and bringing about changes in their work communities It will appeal anyone interested in 1 globalization and academic mobility 2 China s talent policies and strategies and 3 the internationalization of Chinese universities Academic Capitalism in the Age of Globalization Brendan Cantwell, Ilkka Kauppinen, 2014-11-15 Understanding higher education and the knowledge economy in the Age of Globalization Today nearly every aspect of higher education including student recruitment classroom instruction faculty research administrative governance and the control of intellectual property is embedded in a political economy with links to the market and the state Academic capitalism offers a powerful framework for understanding this relationship Essentially it allows us to understand higher education s shift from creating scholarship and learning as a public good to generating

knowledge as a commodity to be monetized in market activities In *Academic Capitalism in the Age of Globalization* Brendan Cantwell and Ilkka Kauppinen assemble an international team of leading scholars to explore the profound ways in which globalization and the knowledge economy have transformed higher education around the world The book offers an in depth assessment of the theoretical foundations of academic capitalism as well as new empirical insights into how the process of academic capitalism has played out Chapters address academic capitalism from historical transnational national and local perspectives Each contributor offers fascinating insights into both new conceptual interpretations of and practical institutional and national responses to academic capitalism Incorporating years of research by influential theorists and building on the work of Sheila Slaughter Larry Leslie and Gary Rhoades *Academic Capitalism in the Age of Globalization* provides a provocative update for understanding academic capitalism The book will appeal to anyone trying to make sense of contemporary higher education
