*Education and the Distracted Family* Steve Sonntag, 2014-05-01 Education and The Distracted Family is very important for all middle junior high and high school families due to the amazing opportunities and the major challenges of technology especially with the internet and smartphones Families may be acquainted with some possibilities of utilizing new technology on their own and are informed of some possibilities through schools Nevertheless young adults always seem to be much more involved in technology than their parents At the same time families can become too involved in or very distracted with their technology so that they lose sight of the reason for being families in the first place This book provides a healthy guide for families by introducing practical creative ways to balance these cravings for such technologies to take care of themselves as individuals to improve their relationships with one another and to work with the educational community even better It shares many different ways to be that much more successful as a family now and for the future *Teaching, Making a Difference*

Steve Sonntag, 2016-12-31 Teachers may retire from their schools but they never retire from teaching Teaching Making a Difference includes two goals The first is to give guidance to teachers contemplating retirement while helping them to maintain realistic standards for their students The second goal is to present a multitude of options for just retired teachers to enjoy their well earned retirement while still using their knowledge and experience to benefit their communities Teachers will learn techniques that they can incorporate into their lesson plans as they continue to teach and upon retiring they will learn how to develop their own lesson plan to take care of themselves and to participate in their communities Resources in Education ,1987-04 **Pentathlon** ,1928 The Pentathlon Elmer D.
