Aquarius Haemofiltration Manual:

The Great Ormond Street Hospital Manual of Children and Young People's Nursing Practices Elizabeth Anne Bruce, Janet Williss, Faith Gibson, 2023-03-13 Clinical skills are essential in the provision of care for children and young people. The Great Ormond Street Hospital Manual of Children and Young People's Nursing Practices provides expert guidance on evidence based clinical procedures helping students and newly registered nurses develop sound clinical judgement and confidence. This comprehensive resource covers all aspects of children's nursing from the fundamentals of everyday practice to advanced care in high dependency and intensive care settings. As such its relevance and usefulness reach beyond those newly registered. It remains a valuable resource for experienced nurses wishing to further expand their nursing skills. Now in its second edition this thoroughly updated guide demonstrates each procedure, explains the underlying theory and evidence and speaks to the unique challenges of working with children and young people. New chapters address mental health, complementary therapies, learning difficulties and the deteriorating child whilst expanded content examines blood glucose monitoring, glucocorticoid treatment, insulin administration, diabetes care, surgical diathermy, non invasive ventilation and much more. Key Features: Provides evidence based guidelines for more than 300 clinical procedures. Features an abundance of colour photographs and illustrations. Examines the needs of neonates and adolescents in the context of interdisciplinary care. Includes new material on health research and evidence based practice, stages of development, children with complex needs and admission, transfer and discharge. Complements The Royal Marsden Manual of Clinical Nursing Procedures, offering continuity to those working in both adult and paediatric settings. The second edition of The Great Ormond Street Hospital Manual is an indispensable resource for registered nurses, students and other healthcare professionals involved in delivering clinically effective evidence based family centred care. Praise for the previous edition: This manual builds on the knowledge, skills and expertise of one of the UK's finest children's hospital and explains comprehensive evidence based care clearly. Nursing Children and Young People Journal: All children's nurses should have this book as a reference. Nursing Standard: a comprehensive resource for all qualified nurses, students and other healthcare professionals involved in caring for children in hospital and community settings. Times Higher Education Supplement: **ACCCN's Critical Care Nursing** Doug Elliott, Leanne Aitken, Wendy Chaboyer, Andrea Marshall, 2007 Developed in conjunction with the Australian College of Critical Care Nurses (ACCCN) the text has been written and edited by the most senior and experienced critical care nursing clinicians and academics across the region. ACCCN's Critical Care Nursing is a resource that will foster the development of skilled and confident critical care nurses. This comprehensive text provides detailed coverage of a number of specialty areas within critical care nursing including intensive care, emergency nursing, cardiac nursing, neuroscience nursing and acute care. It will encourage students to be reflective practitioners, ethical decision makers and providers of evidence based care. Written by expert clinicians, academics and educators. Pedagogically rich chapters with learning objectives, key terms, case studies.

practice tips article abstracts learning activities research vignettes Heavily illustrated and referenced Reflects current clinical practice policies procedures and guidelines The text has a patient centred approach and will provide students with a sound knowledge base and critical thinking skills Image bank of all illustrations from the text will be available to lecturers for teaching
