Birth Control Birth Control

David E. Newton

Birth Control Birth Control:

Birth Control Beth L. Sundstrom,Cara Delay,2020-06-02 Birth Control What Everyone Needs to Know will offer more than a user s guide to available means of contraception it will examine how supported family planning infrastructure impacts society as a whole Through reviews of policy scientific literature and supplemental interviews with women it will uncover women s concerns and apprehensions about contraception as well as the ways birth control empowers women and increases access to educational and professional opportunities It will provide an overview the history of birth control the risks and benefits of contraception the role of menstruation and the future of birth control The goal of this book is to provide accurate unbiased scientific information about contraception in the context of women s lived experiences and the realities of how individuals make decisions about birth control **Encyclopedia of Birth Control** Marian Rengel,2000 Presents cross referenced alphabetically arranged entries on topics related to birth control including advocates and inventors legal issues and cases methods countries medical issues organizations religion the reproductive system research and special populations

Birth Control Noël Merino,2014-02-17 Through a fascinating and compelling collection of essays this book explores real or perceived teen rights related to birth control including laws regulating contraception abortion the right to privacy and parental involvement The role of schools teaching abstinence versus sex education is also discussed **Birth Control** David E. Newton,2019-12-02 Birth Control A Reference Handbook provides a breadth and depth of discussion about birth control throughout human history and in the modern day with attention paid to the controversies related to it Birth Control A Reference Handbook covers the topic of birth control from the earliest pages of human history to the present day The book is divided into two parts The first two chapters provide a historical background to the topic and a review of current issues and problems The remainder of the book consists of chapters that aid the reader in continuing her or his own research on the topic such as an extended annotated bibliography chronology glossary noteworthy individuals and organizations in the field and important data and documents This book differs from other works on its subject primarily because of the variety of resources provided such as further reading perspective essays on the topic a historical timeline and useful terms in the field It is intended for readers of high school through the community college level along with adult readers who may be interested in the topic **Encyclopedia of Birth Control** Vern L. Bullough,2001-06-13 Edited by a noted scholar of health and sexuality Encyclopedia of Birth Control is a complete report on the historical development and efficacy of contraceptive practices around the world both past and present Without contraception a healthy sexually active woman will give birth to about 15 children and over her life span spend most of her reproductive years either pregnant or nursing a newborn infant So controlling fertility has preoccupied women and often their husbands since at least 1000 B C In this comprehensive reference readers can explore the history of birth control from a variety of perspectives anthropological biological economic feminist medical political and psychological From wet nurses to chastity belts from animal dung contraceptives to the Dalkon Shield

readers will learn how women have attempted birth control contraception and abortion throughout history and throughout the world Readers will also discover why opposition to birth control was so fierce early in the 20th century that many American women and men were jailed for disseminating information on avoiding pregnancy and why family planning remains hotly controversial almost a century later **Birth Control Pills** Jon Zonderman, Laurel Shader, D. J. Triggle, Pharmaceutical Sciences Staff, State University of New York at Buffalo Staff, 2006 Discusses the pros and cons of taking birth control pills their effects on the human body health risks and more **Birth Control** Aharon W. Zorea, 2012-01-16 Intended as a reference tool for college students this book examines the origins of and controversies associated with birth control in the United States Issues regarding access to education about and practice of birth control have played a pivotal role in religious social and political conflicts throughout the 19th and 20th centuries In the 21st century controversies surrounding birth control remain at the forefront of current political debates over topics as varied as women's rights social welfare initiatives federal healthcare funding consumer protection and physician liability and informed consent Birth Control provides a historical background of premodern practices describes birth control in the 19th 20th centuries and discusses all currently available types of contraceptive systems including both artificial and natural methods The treatment of contemporary public debates on birth control addresses questions posed on practical ethical religious and moral grounds presented respectfully and in a balanced fashion **It's Your Choice** Robert Anthony Hatcher, 1982 **Birth Control and Love** Alan Frank

Guttmacher, Winfield Best, Frederick S. Jaffe, 1969 **Birth Control** Beth L. Sundstrom, Cara Delay, 2020 Birth control is a timely topic As we finish this book in 2019 contraception and family planning dominate news headlines across the US Legal challenges to the 2010 Affordable Care Act's contraceptive mandate continue the Trump administration has revised decades old Title X funding policies for contraceptive providers and both Democratic and Republican legislators recently have come out in support of oral contraceptives over the counter **Sweetening the Pill** Holly Grigg-Spall, 2013-10-07 Millions of healthy women take a powerful medication every day from their mid teens to menopause the Pill but few know how this drug works or the potential side effects Contrary to cultural myth the birth control pill impacts on every organ and function of the body and yet most women do not even think of it as a drug Depression anxiety paranoia rage panic attacks just a few of the effects of the Pill on half of the over 80% of women who pop these tablets during their lifetimes When the Pill was released it was thought that women would not submit to taking a medication each day when they were not sick Now the Pill is making women sick However there are a growing number of women looking for non hormonal alternatives for preventing pregnancy In a bid to spark the backlash against hormonal contraceptives this book asks Why can't we criticize the Pill **Birth Control** Lydia Allen DeVilbiss, 1923 **The Birth Control Movement and American Society** James Reed, 2014-07-14 This is the first comprehensive history of the struggle to win public acceptance of contraceptive practice James Reed traces this remarkable story from its beginnings carefully documenting the roles of the diverse interests that supported birth control

including feminists eugenicists and physicians and providing a unique account of the struggles of such pioneers as Margaret Sanger Robert Dickinson and Clarence Gamble to win the support of organized medicine to change laws to open birth control clinics and to improve birth control methods Originally published in 1984 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

The Case

for Birth Control Margaret Sanger,1917 Birth Control Politics in the United States, 1916-1945 Carole Ruth

McCann,1999 In a disturbing behind the scenes history of the early achievements of Margaret Sanger s American birth control movement Carole R McCann scrutinizes the movement s compromises as well as its successes Birth Control in Practice Marie Elizabeth Kopp,1972 Birth Control and Abortion Christopher Tietze,1972

The New Birth-control Book

Howard I. Shapiro,1988 **Birth Control; Contraception and Abortion** Harry W. Rudel,Fred A. Kincl,Milan R.

Henzl,1973 **Coerced Contraception?** Ellen H. Moskowitz,Bruce Jennings,1996-09-13 Long acting and reversible contraceptives such as Norplant and Depo Provera have been praised as highly effective moderately priced and generally safe Yet as this book argues the very qualities that make these contraceptives an important alternative for individual choice in family planning also make them a potential tool of coercive social policy For example policymakers have linked their use to welfare benefits and judges to probation agreements In this book authors from the fields of medicine ethics law and the social sciences probe the unique and vexing ethical and policy issues raised by long acting contraception The book offers comprehensive ethical guidelines for health care professionals and policymakers as well as an ethical framework for analyzing policies and practices concerning long acting contraceptives The authors consider cultural social and ethical issues pertaining to contraception and they provide historical and scientific background on today s controversies They explore alternative conceptual and theoretical frameworks including analyses of autonomy coercion and responsibility in reproductive decisions This volume also notes the special concerns that arise when policies promoting long term birth control target low income women and women of color and when these contraceptives are used in developing countries

Decoding **Birth Control Birth Control**: Revealing the Captivating Potential of Verbal Expression

In a period characterized by interconnectedness and an insatiable thirst for knowledge, the captivating potential of verbal expression has emerged as a formidable force.
