The Flying Springbok Lionel Friedberg,2021-07-31 An artistic rendering of the African antelope the Springbok was depicted with stylized wings to serve as the logo of South African Airways SAA for well over 60 years It was replaced by a new corporate identity when the airline was rebranded after the demise of apartheid the release of Nelson Mandela from political incarceration and the introduction of a non racist democratic society in South Africa in the mid nineties As a state owned entity many people once saw SAA as the apartheid airline For a time travel on board its aircraft was restricted to whites only but this was later changed to include members of all the country s diverse racial groups SAA pioneered flight throughout Africa during the colonial era long before airports supply services radio and weather forecasting capabilities even existed Its staff and equipment served with the Allies in Europe and North Africa during WWII and it met the enormous challenge of having to circumvent African airspace when flying to destinations abroad after most African nations closed their skies to it in protest against the country s racist policies in the early sixties Over the years the airline grew into one of the world s major domestic regional and international carriers Its long history was eventually terminated and replaced by a new entity in 2020 with the outbreak of the coronavirus pandemic In its original incarnation it could proudly boast of being one of the world s oldest and longest surviving international carriers It is still seen by many around the world as the airline with that much revered and fondly remembered emblem the Flying Springbok **Flight International** ,1977 **Sunset** ,1960 *Time* Briton Hadden, Henry Robinson Luce,1960 **Canadian Aviation** ,1957
