After Galatians:

The International Critical Commentary on the Holy Scriptures of the Old and New Testaments ,1920 **Dictionary of Paul and his letters** GERALD F HAWTHORNE, RALPH P MARTIN, DANIEL G REID, 2020-05-21 The Dictionary of Paul and his letters is a one of a kind reference work Following the format of its highly successful companion volume the Dictionary of Jesus and the Gospels this Dictionary is designed to bring students teachers ministers and laypeople abreast of the established conclusions and significant recent developments in Pauline scholarship No other single reference work presents as much information focused exclusively on Pauline theology literature background and scholarship In a field that recently has undergone significant shifts in perspective the Dictionary of Paul and His Letters offers a summa of Paul and Pauline studies In depth articles focus on individual theological themes such as law resurrection and Son of God broad theological topics such as Christology eschatology and the death of Christ methods of interpretation such as rhetorical criticism and social scientific approaches background topics such as apocalypticism Hellenism and Qumran and various other subjects specifically related to the scholarly study of Pauline theology and literature such as early catholicism the centre of Paul's theology and Paul and his interpreters since F C Baur Separate articles are also devoted to each of the Pauline letters to hermeneutics and to preaching Paul today The Dictionary of Paul and His Letters takes its place alongside the Dictionary of Jesus and the Gospels in presenting the fruit of evangelical New Testament scholarship at the end of the twentieth century committed to the authority of Scripture utilising the best of critical methods and maintaining dialogue with contemporary scholarship and challenges facing the church A Dictionary of the Bible Dealing with Its Language, Literature, and Contents, Including the Biblical Theology: Extra volume, containing articles, indexes, and maps James Hastings, John Alexander Selbie, Andrew Bruce Davidson, Samuel Rolles Driver, Henry Barclay Swete, 1906 **The Concept of Canon in the Reception of the Epistle to the Hebrews** David Young, 2021-10-21 David Young argues that the reception of the Epistle to the Hebrews in early Christianity was influenced by a number of factors which had little to do with debates about an authoritative canon of Christian writings and which were primarily the concern of a relatively small group of highly educated scholars Through careful study of the quotations and reproductions of Hebrews in their own rhetorical and material context Young stresses that the concept of canon had little bearing on its early reception By exploring the transformation of authorship into authority the patristic citations of Hebrews the Epistle's position in edited collections of the Pauline corpus and the consequences of translation this complex reception history illustrates the myriad ways in which early Christians thought of and interacted with their scriptures **Discovering the New Testament** Mark J. Keown, 2021-03-24 Discovering the New Testament is a new and comprehensive introduction to the New Testament in three volumes reflecting current research and scholarship in New Testament studies Each volume provides a thorough discussion of background issues as well as treating theological themes and practical application The second volume is devoted to the life and writings

of the apostle Paul It traces Paul's early life conversion and missionary journeys overviews the contours of his theology and surveys the authorship form and content of his letters Ideal for college or seminary students the volumes provide numerous maps and charts as well as discussion questions for each chapter and a focus on real life relevance and application
