Description :

Despite billions of dollars invested in medical research and technological breakthroughs in American healthcare made to prolong and improve the lives of patients, a devastating statistic remains. Two thirds of Americans die in healthcare institutions tethered to machines and tubes at bankrupting costs, despite research that shows 80 percent of Americans would prefer to spend their last days in their homes surrounded by loved ones. Dr. Angelo E. Volandes, a physician at Harvard Medical School and Massachusetts General Hospital, has witnessed far too often the unnecessary suffering patients and their families face when confronted with difficult end-of-life decisions. The solution, he knows, is not the latest technology. The most effective, powerful, and empathetic tool a doctor can offer is perhaps the simplest: The Conversation. In his

And Conversation Revolutionary Plan End Life:

The Conversation Angelo E. Volandes, 2016 Dr Angelo E Volandes believes that a life well lived deserves a good ending Through the stories of seven patients and seven very different end of life experiences he demonstrates that what people with a serious illness who are approaching the end of their lives need most is not new technologies but one simple thing The Conversation He argues for a radical re envisioning of the patient doctor relationship and offers ways for patients and their families to talk about this difficult issue to ensure that patients will be at the center and in charge of their medical care

Transformative Healthcare Practice through Patient Engagement Graffigna, Guendalina, 2016-06-30 Recent literature suggests that patient participation and engagement may be the ideal solution to the efficacy of healthcare treatments from a clinical and pragmatic view Despite the growing discussions on the necessity of patient engagement there is no set of universally endorsed concrete guidelines or practices Transformative Healthcare Practice through Patient Engagement outlines the best practices and global strategies to improve patient engagement This book features a convergence of healthcare professionals and scholars elucidating the theoretical insights borne from successful patient education and the technological tools available to sustain their engagement This book is a useful reference source for healthcare providers students and professionals in the fields of nursing therapy and public health managers and policy makers

Integrated Care for Complex Patients Steven A. Frankel, James A. Bourgeois, 2018-03-21 This book presents case based descriptions of models for the inclusive multispecialty and multidisciplinary clinical care of complex cases Cases range from primary care patients with complex systemic medical and psychiatric comorbidity to those requiring specialty care to those with potentially terminal illnesses While each category and case has its unique requirements often necessitating different models of care the commonalities in approaching complex clinical situations is underscored Extended case narratives written by the treating physicians summarizing both the course of clinical care and physicians reflections on the challenges of managing complex patients comprise the bulk of the book Five additional chapters on systems issues associated with care of complex patients together with a chapter on end of life considerations a narrative analysis of the physicians reflections about complex patients and a concluding chapter are prominently included to anchor the case narratives Written by experts in the field these descriptions form unique models for assessing and treating complex cases Integrated Care for Complex Patients is a useful guide for all health practitioners and health administrators who are responsible for clinically complex cases including physicians in primary care and psychiatry physician assistants and nurse practitioners and psychologists

Demystifying Hospice Karen J. Clayton, 2018-10-31 Hospice care is available to patients and families dealing with terminal illness People often do not avail themselves of hospice care because they don't understand what it entails Many wait until their last few days to request this extraordinary comfort care instead of using the full six months available to them through Medicare and other insurance options Demystifying Hospice describes through stories good news

about end of life issues Written from the perspective of a licensed social worker with experience in public and private hospitals hospice and the American Cancer Society these first hand accounts of patients family members hospice workers and others will lift spirits touch hearts and illustrate the advantages of hospice care These are real life examples of personalized comfort care offered by an interdisciplinary team where ever the patient lives Each story addresses some aspect of helping families through the caregiving and grieving process which are part and parcel of a serious illness and offers comfort and understanding to readers who may be going through similar experiences This book describes hope healing and support through difficult times **Celebrating the Graying Church** Richard P. Olson,2020-11-30 Today many churches and their related agencies and ministries are shrinking Often a large portion of those who remain are older adults Celebrating the Graying Church suggests that this is an opportunity for a new and different kind of ministry a ministry to with and from older adults who may have wisdom to pass on to the legacy of the future generations This book offers opportunities ideas and guidance for this new vision and practice of ministry while also describing how aging adults in ministry can support each other and their faith communities Health Care Delivery and Clinical Science: Concepts, Methodologies, Tools, and Applications Management Association, Information Resources,2017-12-01 The development of better processes to provide proper healthcare has enhanced contemporary society By implementing effective collaborative strategies this ensures proper quality and instruction for both the patient and medical practitioners Health Care Delivery and Clinical Science Concepts Methodologies Tools and Applications is a comprehensive reference source for the latest scholarly material on emerging strategies and methods for delivering optimal healthcare and examines the latest techniques and methods of clinical science Highlighting a range of pertinent topics such as medication management health literacy and patient engagement this multi volume book is ideally designed for professionals practitioners researchers academics and graduate students interested in healthcare delivery and clinical science *Giving Hope* Elena Lister, M.D.,Michael Schwartzman, Ph.D.,2022-08-30 The best and only resource you will ever need for helping any child understand and cope with illness death and loss Just as death is inevitable talking about death is an inevitable part of parenting Dr Elena Lister and Dr Michael Schwartzman offer us the way to have conversations with children that are as much about life as they are about death conversations that anyone who parents teaches or counsels children can have Giving Hope is a must have resource that expands our understanding of how to prepare for initiate and facilitate these personal and profound conversations The approach is honest practical and compassionate and will benefit a grieving child both now and in the future Giving Hope provides us with the tools to make our children s experiences positive and life affirming *Behavior and Medicine* Danny Wedding,Margaret L.
