Book of the Transcendence Jose Arguelles, Stephanie South, 2010-07-26 We are at a time when knowledge is being renewed We are being called to turn inward away from the virtual cyber world into the vast realm of our own mind the ultimate supercomputer Book of the Transcendence offers a comprehensive vision of new time knowledge and its path into the next stage of human evolution This volume is packed with new information new methods and new forms of yoga or yogic discipline that help us bridge into galactic consciousness which is governed by synchronicity This text also contains new programs of information and new practices to orient your mind and heart in the direction of full noospheric engagement This text also features an introduction to New Earth Geomancy as viewed through a fourth dimensional lens In fact this volume unfolds a new whole system program that can be studied followed and applied It is a whole system that relates the whole person to the whole planet and then to the galaxy beyond The text includes numerous full color graphic illustrations making it easy to follow the new practices and concludes with an introduction to the Galactic I Ching with its 128 codon and 12 strand DNA

Time, Synchronicity and Calendar Change Stephanie South, 2011-06-01 One time is ending but another is just beginning an entirely new era in the history of the Earth the noosphere This is the message of Jos Arg elles In this authorized Biography Stephanie South leads the reader into the world of one of the most unique visionaries in history exploring the nature of time telepathy Earth changes prophecy synchronicity and awakening the Earth to a new time South s previous book 2012 Biography of a Time Traveler the Journey of Jos Arg elles reveals this visionary in his formative years Time Synchronicity and Calendar Change opens into the complete range of his life s work to present with many implications for the future of our planet A prolific author and founder of the Foundation for the Law of Time which promotes peace through culture and art Arg elles was the first to introduce the date December 21 2012 into the mass consciousness with his best selling book The Mayan Factor After a lifelong study of the ancient Mayan prophecies and more than 18 years of Tibetan Buddhist meditation practice Arg elles realized that he was the recipient of a galactic Mayan mind transmission which eventually revealed the discovery of the Telektonon Prophecy of Pacal Votan The purpose of this transmission stream was to help prepare and stabilize human consciousness for a magnetic shift in 2012 2013 Arg elles travelled the world several times over to deliver this prophecy to a diverse range of people from Russian scientists to the Vatican to the Hopi nation the Rainbow Nation and the Nation of Islam Time Synchronicity and Calendar Change offers many thought provoking reflections about the future of our world and the potential of humanity as well as a thorough examination of what it means to be a cosmic messenger on a planet rapidly shifting gears from the biosphere to the noosphere Just as the final chapter was being written Jos shifted dimensions on March 23 2011 just 12 days after the Japanese tsunami The Afterword contains the startling synchronicities that surrounded his passing as well as many of his final journal entries and reflections during his final three days on earth

The Levite Singers in Chronicles and Their Stabilising Role Ming Him Ko, 2017-08-10 This study

focuses on the Chronicler's special interest in Levite singers. It takes into consideration the socio-ideological milieu of the Jerusalem temple community in the Persian period and the Mesopotamian elite professional norms and practices that nourished the singers and their music. It also explores the conception of the earthly temple as representative of its heavenly counterpart and looks at the way in which this shaped the Chronicler's theological frame of reference. The work is divided into two parts. Part I examines the Mesopotamian scribal musical background to which Ko attributes the rise of music in Chronicles. Part II considers the Chronicler's ideological perspective, the language of the temple and the educational scribal and liturgical services of Levite singers. By focusing on the characterisation of the Levite singers in the light of their Mesopotamian counterparts, Ko shows how they sought to foster cosmic stability according to the terms of the Davidic covenant.

The Oxford Handbook of the Historical Books of the Hebrew Bible Brad E. Kelle, Brent A.

Strawn, 2020-11-02 The Oxford Handbook of Historical Books of the Hebrew Bible is a collection of essays that provide resources for the interpretation of the books of Joshua, Judges, Samuel, Kings, Chronicles, Ezra, and Nehemiah. The volume is not exhaustive in its coverage but examines interpretive aspects of these books that are deemed essential for interpretation or that are representative of significant trends in present and future scholarship. The individual essays are united by their focus on two guiding questions: 1. What does this topic have to do with the Old Testament Historical Books? and 2. How does this topic help readers better interpret the Old Testament Historical Books? Each essay critically surveys prior scholarship before presenting current and prospective approaches. Taking into account the ongoing debates concerning the relationship between the Old Testament texts and historical events in the ancient world, data from Assyrian, Babylonian, and Persian culture and history are used to provide a larger context for the content of the Historical Books. Essays consider specific issues related to Israelite/Judean history, settlement, state formation, monarchy, forced migration, and return as they relate to the interpretation of the Historical Books. This volume also explores the specific themes, concepts, and content that are most essential for interpreting these books. In light of the diverse material included in this section of the Old Testament, the Handbook further examines interpretive strategies that employ various redactional, synthetic, and theory-based approaches. Beyond the Old Testament, proper subsequent texts, traditions, and cultures often received and interpreted the material in the Historical Books, and so the volume concludes by investigating the literary, social, and theological aspects of that reception.

From Old Revelation to New Simon John De Vries, 1995 By analyzing prophetic predictions that employ specific formulas as temporal transitions, De Vries demonstrates how futuristic expectation was expanded and reshaped within the prophetic collection toward an eventual canonical form. Biblical scholars and students will find this an indispensable resource.

The Oxford Encyclopedia of the Books of the Bible Michael D. Coogan, 2011-12-08 The field of biblical studies is dynamic with new discoveries, new methodologies, and new perspectives continually enhancing the interpretation of the Bible. There is thus a need for an up-to-date, comprehensive, authoritative, and balanced series of reference works for biblical scholars and

students The two volume Oxford Encyclopedia of the Books of the Bible is the first in this series of specialized reference works each addressing a specific subfield within biblical studies The series aims to produce high level scholarly reference works that are accessible and in depth going beyond the basics to provide more specialized coverage Books of the Bible provides a single source for authoritative reference overviews of scholarship on some of the most important topics of study in the field of biblical studies The Encyclopedia contains almost 120 in depth entries ranging in length from 500 to 10 000 words on each of the canonical books of the Bible major apocryphal books of the New and Old Testaments important noncanonical texts and thematic essays on topics such as canonicity textual criticism and translation Books of the Bible has extensive cross references to other useful points of interest within the Encyclopedia and comprehensive lists of abbreviations and an index for ease of use Illustrations of various types supplement the text and enhance its appeal Bibliographies for all entries further add to its usefulness
