**British Monarchy** Kenneth J. Panton,2011-02-24 The monarch is the United Kingdom s head of state exercising powers that are circumscribed by common law convention and statute law Nowadays many of the sovereign s functions are ceremonial but in the past the balance between ceremony and decision making was very different The foundations of the modern monarchy were laid more than a millennium ago in Anglo Saxon and Celtic Britain so its modern form is a stage in an evolution that has been shaped by attitudes towards divorce the changing role of women the democratization of society dynastic intermarriage financial demands religious convictions struggles for economic and political power and territorial aggrandizement Covering some of the most famous figures in world history including William the Conqueror Henry VIII and Queens Victoria Elizabeth I and Elizabeth II the Historical Dictionary of the British Monarchy provides a chronology starting with the year 495 and continuing to the present day an introductory essay an extensive bibliography and over 600 cross referenced dictionary entries on significant persons places events institutions and other aspects of British culture society economy and politics This book is a must for anyone interested in the British monarchy

### **Kings and Their Sons in Early**

**Modern Europe** Mark Konnert,2018-12-01 Some of history s greatest dramas have unfolded in the stories of kings and their sons in early modern Europe and their conflicts presaged in some ways today s tensions in family run businesses In several notorious cases the kings despised their sons to the point of committing murder thus killing their own heirs Prof Konnert shows that these tragic dramas actually represent an extreme of the normal state of affairs rather than unusual occurrences They are different in degree not kind This book is the first to look at these episodes in a systematic and comparative fashion The stories are moving in themselves but viewed in their historical context they illuminate aspects of a past society which has faded from view in the 21st century Two of the most famous episodes those of Frederick the Great of Prussia and his father and of Peter the Great of Russia and his son are examined here as well as three less well known cases These episodes are put into historical context and the family dynamics of these royal dynasties are discussed showing not only how they differed from those of today but also from those of their more common contemporaries These tensions are also compared to those that have emerged in family run businesses where conflicts between fathers and sons are also very common Furthermore when the interests of the dynastic enterprise whether political or corporate take precedence over family life and personal happiness marriage practices can produce particularly toxic relations The cases examined here are unusual only in the degree of hostility rather than in its existence

**Branding Queens** Kim D. Rozdeba, 2022-05-10  
*Branding Queens* is a collection of stories about twenty women entrepreneurs who, against all odds, built famous brands that were beloved by millions of customers worldwide. Building a brand isn't easy. Establishing an iconic brand is one in a million. Add the fact of being a woman in an unfortunately still male-dominated business world and you'd think it was almost impossible. *Branding Queens* celebrates the branding accomplishments of these self-made women who persevered in a man's world to create an enduring brand dynasty. This book profiles the brands and lives of Barbe Nicole Clicquot of Veuve Clicquot champagne, Anna Bissell, cofounder of the BISSELL Carpet Sweeper Company, Madam C.J. Walker, Elizabeth Arden, Estée Lauder, Mary Kay Ash, and Anita Roddick of The Body Shop, all cosmetics and beauty mavericks, women's apparel innovators, Coco Chanel, Liz Claiborne, Tory Burch, and Sara Blakely. Margaret Rudkin, founder of Pepperidge Farm, Olive Ann Beech, cofounder of Beech Aircraft, Ruth Handler, cofounder of Mattel toys, Katharine Graham, owner of The Washington Post, Queen Elizabeth II, Sovereign of fifteen nations, Lillian Vernon, direct-mail maven, media moguls Martha Stewart and Oprah Winfrey, and Debbi Fields, founder of Mrs. Fields Cookies. These are the branding queens. *Branding expert Kim D. Rozdeba* unravels these fascinating stories with a clear perspective on creating a brand in twenty different ways. You will learn how these women marketed hope, health, dignity, confidence, beauty, empowerment, and happiness through their products and services. To help uncover the secrets to these women's success, Kim assesses how the branding queens approached each of five branding components: Commitment, Construct, Community, Content, and Consistency, the 5 C's. These women lived life to its fullest by following their passions and purpose. Their stories are just as big as their brands. *Branding Queens* will inspire, empower you, and encourage your entrepreneurial spirit.
