Barham,2001-04-11 Selected Models of Developmental Education Programs in Higher Education includes models that are

based on defendable theories about how students grow and develop at all levels of the learning continuum These models

emphasize the theories and concepts that underlie developmental education as a field of practice and research with a

theoretical foundation in developmental psychology and learning theory The theory based models consist of methods and

techniques for implementing developmental education activities and ways of creating environments intended to improve

developmental students learning outcomes These models include a rationale a theory that justifies the models and an

explanation of how the models are designed The rationale is supported by empirical evidence that the models work These

models were selected because they represent varied frames of reference toward educational goals and objectives Therefore

this book is a valuable resource for scholars researchers educators and practitioners seeking to improve developmental

students learning outcomes in developmental education programs in institutions of higher education Children, Their
