Biological Sampling in the Deep Sea Malcolm R. Clark,Mireille Consalvey,Ashley A. Rowden,2016-03-16 The deep sea covers over 60% of the surface of the earth yet less than 1% has been scientifically investigated There is growing pressure on deep sea resources and on researchers to deliver information on biodiversity and the effects of human impacts on deep sea ecosystems Although scientific knowledge has increased rapidly in recent decades there exist large gaps in global sampling coverage of the deep sea and major efforts continue to be directed into offshore research Biological Sampling in the Deep Sea represents the first comprehensive compilation of deep sea sampling methodologies for a range of habitats It reviews the real life applications of current and in some instances developing deep sea sampling tools and techniques In creating this book the authors have been able to draw upon the experiences of those at the coal face of deep sea sampling expanding on the existing methodological texts whilst encompassing a level of technical detail often omitted from journal publications Ultimately the book will promote international consistency in sampling approaches and data collection advance the integration of information into global databases and facilitate improved data analyses and consequently uptake of science results for the management and conservation of the deep sea environment The book will appeal to a range of readers including students early career through to seasoned researchers as well as environmental managers and policy makers wishing to understand how the deep sea is sampled the challenges associated with deep survey work and the type of information that can be obtained

Fish4Knowledge: Collecting and Analyzing Massive Coral Reef Fish Video Data Robert B. Fisher,Yun-Heh Chen-Burger,Daniela Giordano,Lynda Hardman,Fang-Pang Lin,2016-03-24 This book gives a start to finish

overview of the whole Fish4Knowledge project in 18 short chapters each describing one aspect of the project The Fish4Knowledge project explored the possibilities of big video data in this case from undersea video Recording and analyzing 90 thousand hours of video from ten camera locations the project gives a 3 year view of fish abundance in several tropical coral reefs off the coast of Taiwan The research system built a remote recording network over 100 Tb of storage supercomputer processing video target detection and tracking fish species recognition and analysis a large SQL database to record the results and an efficient retrieval mechanism Novel user interface mechanisms were developed to provide easy access for marine ecologists who wanted to explore the dataset The book is a useful resource for system builders as it gives an overview of the many new methods that were created to build the Fish4Knowledge system in a manner that also allows readers to see how all the components fit together Oceanography ,1988 **Ocean Optics** ,1992 *An Anchor in the Sea of Time* Stephen Harrigan,2025 Books of essays Stephen Harrigan writes in a short introduction to this collection tend to be assembled more than planned An Anchor in the Sea of Time is more planned than assembled as Harrigan s seniority has allowed him to pick and choose his topics in the later stages of his career While each essay stands on its own most have already been published in Texas Monthly or the Alcalde there is a steady focus on memory identity and history both individual and collective Harrigan s writing became more personal and more focused on the topics that anchor this collection with the publication of Off Course a 2016 piece about his father who was killed in a plane crash before he was born Subsequent pieces like The Voice in the Tree about a crisis of identity he had as a child or A Family Painting about art that hung in his grandparents house and whose subject matter and colors became part of my consciousness continue that exploration of remembering his youth Other pieces are both personal and generational such as an essay about a group trip to Vietnam that stirs up feelings of class privilege in those who fought in the war and those like Harrigan who did their best not to Provided by publisher **Forensic Investigation of Explosions** Alexander Beveridge,1998-03-30 This text has been shaped by the editor s experiences on task forces set up to investigate major explosives incidents and related civil and criminal proceedings Chapters cover methods applications quality control and significance of forensic chemistry aircraft sabotage investigation forensic pathology and presentation of expert testimony Contributors provide descriptions of the physics and chemistry of explosions and explosives the detection of hidden explosives and the procedures carried out at the scenes of gas explosions in buildings Experienced professionals from industry government and the medical and legal professionals provide accounts of the developments and techniques in each of their subject areas **Ocean Optics IX** Marvin A.
