**Naval History** ,2015     **Summary of James M. Scott's Target Tokyo** Everest Media,2022-05-30T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 President Franklin Roosevelt was enjoying a late lunch in his White House study on December 7 1941 The situation in the Pacific had become stressful and he decided to pass on a luncheon hosted by his wife Eleanor for 31 people Instead he chose to dine in his study with his longtime friend and aide Harry Hopkins 2 Roosevelt had long struggled to prepare the American public and lawmakers for war many of whom argued that the vast Atlantic and Pacific Oceans served as natural barriers against foreign aggressors He focused much of his attention on Europe where Adolf Hitler's Germany had invaded Poland in September 1939 3 The president knew that Japan was a formidable foe even though the four year war with China had been costly Japan had stockpiled raw materials from iron ore and rubber to a two year supply of oil The Japanese Navy outgunned American forces in the Pacific Ocean 4 The attack on Pearl Harbor was confirmed by the four star admiral Harold Stark It had caused severe loss of life and damage to the Pacific Fleet The exact details would emerge only in the days and weeks ahead but the raid had destroyed or damaged eighteen ships including eight battlewagons three cruisers and several destroyers     Target Tokyo James Mercer Merrill,1964     Target Tokyo James M. Merrill,1964 Attempts to relive the retaliatory U S Navy Air Force raid upon Japan on April 18 1942 Based primarily upon declassified official records and reviews of Japanese who experienced it     **Target Tokyo** James M. Merrill, Sam Sloan,2014-12-22 This is the story of the famous Doolittle Raid of April 18 1942 This book calls it the Halsey Doolittle Raid named after Commander William Halsey Jr With the Japanese bombing of Pearl Harbor on December 7 1941 the Japanese believed that the war was essentially over The Americans could not recover from such horrific losses the Japanese thought The Japan Times reported With the imminent fall of Corregidor the entire waters of the

south western Pacific will become an exclusive lake for the Japanese Navy and all American and British Warships will be completely shut out With the loses of their naval bases in these parts of the world warships of the United States and Great Britain have been made into inglorious baseless vagabonds of the high seas Most of them have been sent to the bottom by Japanese warships which have swept Anglo American ships clean of these waters Actually this was almost true The Americans needed to do something to restore their confidence Therefore Admiral Halsey planned and President Franklin Roosevelt approved of a bombing raid on Tokyo     **The Doolittle Raid** John Grehan,Alexander Nicoll,2020-03-30 A pictorial history of America s response to Pearl Harbor with hundreds of photos of the various stages of the raid ModelingMadness On April 1 1942 less than four months after the world was stunned by the attack on Pearl Harbor sixteen US aircraft took to the skies to exact retribution Their objective was not merely to attack Japan but to bomb its capital The people of Tokyo who had been told that their city was invulnerable from the air would be bombed and strafed and the shock waves from the raid would extend far beyond the explosions of the bombs The raid had first been suggested in January 1942 as the US was still reeling from Japan s preemptive strike against the US Pacific Fleet The Americans were determined to fight back as quickly as possible The 17th Bomb Group Medium was chosen to provide the volunteers who would crew the sixteen specially modified North American B 25 bombers As it was not possible to reach Tokyo from any US land bases the bombers would have to fly from aircraft carriers but it was impossible for such large aircraft to land on a carrier the men had to volunteer for a one way ticket Led by Lieutenant Colonel Jimmy Doolittle the seventy one officers and 130 enlisted men embarked on the USS Hornet which was shielded by a large naval task force and set out on their mission which would ultimately jolt the Japanese out of their complacency This is the full story of this remarkable operation and the men and machines involved told through a fascinating collection of photographic images     Destination, Tokyo Stan Cohen,1983     Thirty Seconds Over Tokyo Ted W. Lawson,2007 In April 1942 six months after Pearl Harbor sixteen B 25 bombers led by Gen James Doolittle one piloted by Lawson were launched off the aircraft carrier Hornet their target Tokyo After hitting their targets in the Japanese capital the Tokyo Raiders whose normally land based bombers couldn t land on a carrier flew on to attempt dangerous landings behind enemy lines in China Although several crewmembers died either in landing or during captivity most survived and made it to safety with the help of Chinese civilians Lawson himself ditched his plane in the ocean injuring his leg in the process which necessitated a field amputation Although the attack itself was too small to do much real damage to Tokyo it was nevertheless a massively important symbolic turning point in the early part of World War II raising American morale which had been so low in the aftermath of Pearl Harbor and other defeats Lawson s attack of this daring raid was first published in 1943 and was filmed the following year starring Spencer Tracy as Gen Doolittle Publisher s website     **Vanishing Act** Dan Hampton,2024-05-28 From New York Times bestselling author Dan Hampton comes the gripping untold story of a vital secret mission set during the darkest days of the Second World War In the dark days after the devastating Pearl Harbor attacks

during the spring of 1942 the United States was determined to show the world that the Axis was not invincible Their bold plan Bomb Tokyo On April 18 1942 sixteen B 25s known as the Doolittle Raiders hit targets across Japan before escaping to China The eighth plane however did not follow the other raiders Instead Plane 8 s pilots Captain Edward Ski York and Lieutenant Bob Emmens never attacked Tokyo but headed across Japan to the Soviet Union supposedly due to low fuel Yet this bomber was the only plane on the mission with maps of the Soviet Union aboard And why did Plane 8 s route recently discovered in the Japanese Imperial Archives show them nowhere near their target Uncovered facts reveal that bombing Tokyo was merely a cover for Plane 8 s real mission but what was their secret objective No one aside from the two pilots and whomever sent them on this mission truly knew why they were there nor has the reason ever been revealed Until now In Vanishing Act for the first time New York Times bestselling author and former fighter pilot Dan Hampton definitively solves the final mystery of the Doolittle Raid with never before published documents and photographs in exclusive collaboration with Japanese researchers and the Raiders descendants    **The First Heroes** Craig Nelson,2003-09-30 Immediately after Japan s attack on Pearl Harbor President Franklin D Roosevelt sought to restore the honor of the United States with a dramatic act of vengeance a retaliatory bombing raid on Tokyo On April 18 1942 eighty brave young men led by the famous daredevil Jimmy Doolittle took off from a navy carrier in the mid Pacific on what everyone regarded as a suicide mission but instead became a resounding American victory and helped turn the tide of the war The First Heroes is the story of that mission Meticulously researched and based on interviews with twenty of the surviving Tokyo Raiders this is a true account that almost defies belief a tremendous human drama of great personal courage and a powerful reminder that ordinary people when faced with extraordinary circumstances can rise to the challenge of history    **The Doolittle Raid** Carroll V.

Glines,1990 In April 1942 President Roosevelt urged the military high command to prepare a devastating carrier launch raid against the Japanese home islands And the only person who dared to lead the mission was the best known risk taker in the U S Air Force Lieutenant Colonel James H Doolittle    **Doolittle's Tokyo Raiders** Carroll V. Glines,1980    Thirty Seconds Over Tokyo Ted W. Lawson,2003 From the Publisher Ted W Lawson s classic Thirty Seconds Over Tokyo appears in an enhanced reprint edition for the sixtieth anniversary of the legendary Doolittle Raid on Japan One of the worst feelings about that time Ted W Lawson writes was that there was no tangible enemy It was like being slugged with a single punch in a dark room and having no way of knowing where to slug back He added And too there was a helpless filled up want to do something feeling that the Japanese weren t coming that we d have to go all the way over there to punch back and get even Which is what the Tokyo Raiders did Lawson gives a vivid eyewitness account of the unorthodox assignment that eighty five intrepid volunteer airmen under the command of celebrated flier James H Doolittle executed in April 1942 The plan called for sixteen B 25 twin engine medium bombers of the Army Air Forces to take off from the aircraft carrier Hornet bomb industrial targets in Japan and land at airfields in China While the raid came off flawlessly completely surprising the enemy bad

weather darkness and a shortage of fuel caused by an early departure took a heavy toll on the raiders For many the escape from China proved a greater ordeal This anniversary edition features a foreword by noted aviation writer Peter B Mersky and an introduction by Mrs Ellen R Lawson Ted Lawson s widow as well as twice as many photographs as the original book several published here for the first time **The Doolittle Raid** Charles River Charles River Editors,2015-01-04 Includes pictures Explains the planning and training for the raid Includes accounts of the raid written by Doolittle and other survivors Includes a bibliography for further reading Includes a table of contents The Japanese people had been told they were invulnerable An attack on the Japanese homeland would cause confusion in the minds of the Japanese people and sow doubt about the reliability of their leaders There was a second and equally important psychological reason for this attack Americans badly needed a morale boost Jimmy Doolittle All Americans are familiar with the day that will live in infamy At 9 30 a m on Sunday December 7 1941 Pearl Harbor the advanced base of the United States Navy s Pacific Fleet was ablaze It had been smashed by aircraft launched by the carriers of the Imperial Japanese Navy All eight battleships had been sunk or badly damaged 350 aircraft had been knocked out and over 2 000 Americans lay dead Indelible images of the USS Arizona exploding and the USS Oklahoma capsizing and floating upside down have been ingrained in the American conscience ever since In less than an hour and a half the Japanese had almost wiped out America s entire naval presence in the Pacific The Americans would turn the war in the Pacific around in the middle of 1942 but in the wake of Pearl Harbor and the Japanese invasion of the Philippines the country was in desperate need of a morale boost and it would come in the form of the Doolittle Raid In part to show that the Japanese were not invincible and in part to reassure the American public that the nation would not lose the war the Doolittle Raid included both Army and Navy units that launched 16 land based medium bombers from an aircraft carrier a feat that was the first of its kind but also one involving a great deal of risk Getting the bombers and carriers in place to execute the mission involved much strategic planning and cooperation within the American military and had it failed it could have dealt a serious blow to the Americans Pacific presence due to the nation s limited resources in that theater As if getting in position wasn t challenging enough the raid was never designed to include a round trip back to the carrier Given the size of the bombers the planes were unable to land back on the USS Hornet so the plan was to have them fly over Japan and ditch in China after bombing Tokyo While most of the crew would survive the mission a few died during the raid all of the planes were lost and Japanese search parties eventually captured a number of Americans and executed three of them One of the crews landed in the Soviet Union and would end up being interned there for a year From a tactical standpoint the raid accomplished nothing of note and Doolittle actually thought he would be punished for the results but the Doolittle Raid served its purpose of boosting American resolve and demonstrating to the Japanese that they could be attacked at home as well Furthermore the Doolittle Raid showed the importance of air power in the war It helped convince military planners of the power of a strong air force that could not only shift the balance of battles but could also hit military industrial

areas from long range and thus cripple a nation's war making abilities. The Japanese would take the capabilities of airplanes into account when formulating how to defend their empire and it would help compel their leaders to make decisions such as the ones that led to the decisive Battle of Midway later in 1942. The Doolittle Raid chronicles the history and legacy of one of World War II's most audacious air raids. Along with pictures of important people, places and events, you will learn about the Doolittle Raid like never before in no time at all.
