**Mormonism Unveiled** Eber D. Howe,Dan Vogel,2015-04-20 Any Latter day Saint who has ever defended his or her beliefs has likely addressed issues first raised by Eber D Howe in 1834 Howe s famous expos was the first of its kind with information woven together from previous news articles and some thirty affidavits he and others collected He lived and worked in Painesville Ohio where in 1829 he had published about Joseph Smith s discovery of a golden bible Smith s decision to relocate in nearby Kirtland sparked Howe s attention Of even more concern was that Howe s wife and other family members had joined the Mormon faith Howe immediately began investigating the new Church and formed a coalition of like minded reporters and detractors By 1834 Howe had collected a large body of investigative material including affidavits from Smith s former neighbors in New York and from Smith s father inlaw in Pennsylvania Howe learned about Smith s early interest in pirate gold and use of a seer stone in treasure seeking and heard theories from Smith s friends followers and family members about the Book of Mormon s origin Indulging in literary criticism Howe joked that Smith evidently a man of learning was a student of barrenness of style and expression Despite its critical tone Howe s expos is valued by historians for its primary source material and account of the growth of Mormonism in northeastern Ohio *The Footprints of Mormonism* John Wayne Wardell,2025-05-23 Many of us have had the experience of finding two nice young people with white shirts knocking on their door and finding out they are Mormon missionaries The Mormon faith is uniquely noted for sending such missionaries all over the world The founder of Mormonism was Joseph Smith and the study of his life though complex is most interesting at the same time To his followers Joseph Smith is considered to be second in importance only to Jesus Christ in all of Church history How Smith came to lead this movement is a captivating story on its own and how he came to die is a sordid tale in American history The Mormon faith started out as just a small inner circle of Joseph Smith s relatives and it has grown to be a very large movement of multiple millions of adherents Most of the early leaders of Mormonism were very controversial because they practiced polygamy which they called celestial marriage Joseph Smith himself had at least thirty seven wives Brigham Young the second leader of the Church had over fifty wives The main Mormon body with its headquarters in Salt Lake City Utah has long since abandoned polygamous practice Splinter groups however separated from the main Utah Church and continue even today the practice of polygamy One of those main splinter churches is centred in Colorado City Arizona This Fundamentalist group asserts that polygamy is a deep spiritual duty ordered by God Himself that is required to reach the highest heaven Warren Jeffs is the leader of this group and some estimate that he has around eighty seven wives He however is no longer with any of his wives because he is now serving
