Boon Island A True Story Of Mutiny Shipwreck And Cannibalism:

Boon Island Stephen A. Erickson, Andrew Vietze, 2012-11-06 The wreck of the Nottingham Galley on Boon Island and the resultant rumors of insurance fraud mutiny treason and cannibalism was one of the most sensational stories of the early 18th century Shortly after departing England with Captain John Deane at the helm his brother Jasper and another investor aboard and a skeleton crew the ship encountered French privateers on her way to Ireland where she then lingered for weeks picking up cargo They eventually headed into the North Atlantic later in the season than was reasonably safe and found themselves shipwrecked on the notorious Boon Island just off the New England coast Captain Deane offered one version of the events that led them to the barren rock off the coast of Maine his crew proposed another The story contains mysteries that endure to this day yet no contemporary non fiction account of the story exists In the hands of skilled storytellers Andrew Vietze and Stephen Erickson this becomes a historical adventure mystery that will appeal to readers of South and The Perfect Storm

Calling Wild Places Home Laura Waterman, 2024-02-01. This is some of the finest writing in Laura Waterman's long and distinguished career. Anyone who values the history of conservation or the gnarled wilds of the Northeast or the complexities of the human spirit will find nourishment in these pages. Bill McKibben, author of *Wandering Home*. In this new book, Laura Waterman tells the full story of her unique life. It began on the campus of a boy's school and took her to mountains growing her own food and writing. In these pages, readers find what it's like to grow up the daughter of the scholar who put the dashes back into Emily Dickinson's poetry, how Waterman coped with that brilliant father's alcoholism, her development as a groundbreaking climber, and her homesteading life for almost three decades. In these pages, she reveals how she kept her strong sense of self while living with a dynamic, lovable, and often challenging man, her late husband Guy Waterman. She examines closely her role in his suicide on Mount Lafayette in 2000. Christine Woodside, editor of *Appalachia* and the author of *Libertarians on the Prairie*. Laura Ingalls Wilder, Rose Wilder Lane, and the Making of the Little House Books.

The Shipwreck Cannibals Adam Nightingale, 2013-11-01. In August 1710 the Nottingham Galley set sail for New England. It did not reach its destination as fierce weather struck and the fourteen men on board were shipwrecked on Boon Island, a sparse 100yd stretch of rock. Without food or adequate shelter, they were uncertain when or if they would be rescued. Two men died of exposure, two more perished in a failed attempt to reach shore. As the situation became more perilous, Captain John Deane gave the order to butcher and eat a deceased member of the crew. This bold decision fended off starvation and sustained the crew until their rescue. John Deane emerged an unlikely hero. But shortly afterwards, an alternative version of events began to circulate. The first mate, Christopher Langman, painted Deane as a violent fraudster, a

tyrant and an enthusiastic consumer of human flesh The scandal forced Deane to flee his homeland and begin a life of misadventure that saw him fight as a mercenary for Peter the Great and spy for Robert Walpole The Shipwreck Cannibals tells the story of a scandalous and grotesque forgotten episode in British maritime history and its bizarre aftermath
