Resistance and Accountability Cheryl R. Lehman, 2020-10-27 How do public spaces generate accountability and advance social equity Stimulating the conversation this volume explores the creation of meaning the increasing confrontation between regulators and the community they are purported to serve and the prevalent conflicts in seeking a balancing of social and economic interests

The Routledge Handbook to Qualitative Accounting Research Methods Zahirul Hoque, Lee D. Parker, Kathryn Haynes, 2026-01-30 Selecting from the extensive range of research methodologies remains a challenge for all scholars not least those studying the world of accounting Both established and emerging research methods are frequently advocated creating a challengingly broad range of choices Covering a wide selection of qualitative methodological issues research strategies and methods this comprehensive new edition provides an essential guide to the choice and execution of

qualitative research approaches in this field. The original chapters included in the previous edition have all been updated to reflect the changing academic and research environment and a significant number of new chapters on several contemporary themes have been introduced. These include research, researched relationship and its effects in interpretive accounting, research translation in accounting research, phenomenology, netnography, counter accounts, autoethnography, virtual field interviews and embracing qualitative research in a hostile environment. This new volume draws on the expertise of cutting edge scholars in the field offering insights to enhance knowledge creation and challenge the staid and overused methods and assumptions that often dominate the field. Thus it is well suited to the needs of the new generation of researchers presenting a more cohesive and focused pathway into qualitative research.

Handbook of Research on Modernization and Accountability in Public Sector Management Azevedo, Graça Maria do Carmo, da Silva Oliveira, Jonas, Marques, Rui Pedro

Figueiredo, Ferreira, Augusta da Conceição Santos, 2018-03-02. The effects of recent economic and financial crises have reached an international scale. A number of different nations have experienced the fallout of these events calling into question issues of accountability and reform in public management. The *Handbook of Research on Modernization and Accountability in Public Sector Management* is an essential scholarly publication that focuses on responsibility within public sector institutions and the importance of these institutions being ethical, transparent and rigorous. Featuring coverage on a broad range of topics such as corporate social responsibility, e-government and financial accountability, this publication is geared toward regulatory authorities, researchers, managers and professionals working in the public domain.

The SAGE Encyclopedia of Economics and Society Frederick F. Wherry, Juliet B. Schor, Consulting Editor, 2015-09-01. Economics is the

nexus and engine that runs society, affecting societal well-being, raising standards of living when economies prosper or lowering citizens through class structures when economies perform poorly. Our society only has to witness the booms and busts of the past decade to see how economics profoundly affects the cores of societies around the world. From a household budget to international trade, economics ranges from the micro to the macro level. It relates to a breadth of social science disciplines that help describe the content of the proposed encyclopedia, which will explicitly approach economics through varied disciplinary lenses. Although there are encyclopedias of covering economics, especially classic economic theory and history, the *SAGE Encyclopedia of Economics and Society* emphasizes the contemporary world, contemporary issues and society. Features 4 volumes with approximately 800 signed articles ranging from 1 000 to 5 000 words each. They are presented in a choice of print or electronic editions. Organized A to Z with a thematic Reader's Guide in the front matter, groups related entries. Articles conclude with References, Future Readings to guide students to the next step on their research journeys. Cross references between and among articles combine with a thorough Index and the Reader's Guide to enhance search and browse in the electronic version. Pedagogical elements include a Chronology of Economics and Society, Resource Guide and Glossary. This academic multi-author reference work will serve as a general, non-technical resource for students and

researchers within social science programs who seek to better understand economics through a contemporary lens

Public Sector Reform and Performance Management in Developed Economies Zahirul Hoque,2021-02-22 Over the past two decades there has been a shift of paradigm in public administration and public sector accounting around the world with the increasing emphasis on outcomes as opposed to inputs and outputs focus Understanding of how government departments and agencies develop and implement outcomes based approaches to their services and programs to strengthen public accountability financial scrutiny and good governance worldwide is limited Covering a selection of international practices on outcomes based approaches to government departments agencies and public higher educational institutions in developed economies this comprehensive compilation provides an essential reading in the public sector accounting accountability and performance management field The contributions are grouped into three jurisdictions Australasia UK and Europe and North America It incorporates outcomes based practices in public services from advanced economies and will be of significant interest to global public sector regulators consultants researchers and academic communities as well as academic researchers in public administration and development studies fields The insights offered by a country specific practice will also be useful to governments in other countries implementing similar systems and practices and facing similar socio political environments This book will also help to gain an understanding of the issues of government accountability from a management point of view as well as from a socio political point of view *Management Accounting Research* ,2000

JOURNAL OF ACCOUNTINMG EDUCATION ,1996 *Accounting Organizations and Society* ,2000 *Critical Perspectives on Organization and Management Theory* Linda Mary Smircich,Marta B. Calás,1995 This volume questions the organization of knowledge in organization studies that emerged after World War II It calls into question the managerialist view of what organizations are how they should be conducted and how they should be studied The authors of the essays included here represent a diversity of views neomarxist labour process symbolic feminist *Accounting and the Enterprise* T. Colwyn Jones,1995 Written from a sociological perspective Accounting and the Enterprise explains how the study of accounting is an important element in understanding the way in which modern enterprises and societies operate

Economic Decentralization and Public Management Reform Maureen Mackintosh,Rathin Roy,1999 Scholars of economics and business most from Britain and especially the University of Manchester consider the political economy of public management reform They report research findings on privatization and decentralization in both industrialized and aid dependent countries concentrating on the meso level of institutional response Combining theory case studies and institutional analysis they look at public private partnerships public finance and aid allocation Academics and researchers in development studies and economics political economy and international public management and policy makers may find this volume of interest *ACCOUNTING, ORANIZATIONS AND SOCIETY* ,2000 *Intellectual Capital Revisited* Cristina Chaminade,Bino Catasús,2007 This book brings together some of the founders of the IC movement in Europe to critically

review the virtues and shortcomings of intellectual capital as a managerial concept. More questions on the future of IC study are perhaps raised than answered as the contributors attempt to open new avenues of research. The contributors acknowledge that the concept of managing intellectual capital is paradoxical in many respects. First and foremost the boundaries of the knowledge intensive organization are fading. Organizations are open, networked and global and intellectual capital mobile and elusive so how can something with no boundaries be managed. Furthermore is it possible that in a knowledge intensive society firms that do not focus on their intellectual capital are successful? That is, are there any pre-requisites for intellectual capital to be relevant? The book explores such paradoxes in the knowledge intensive organization, critically discusses the limitations of intellectual capital and revises the agenda for intellectual capital studies in the future. Drawing on empirical evidence including two EU funded projects involving researchers, practitioners and policy makers from international associations such as the OECD and the EU this book will prove a thought provoking read for those with an interest in various aspects of management such as knowledge management, management control, management accounting, strategic management and management of innovation. **Accounting Literature Index** Jean Louis Heck, 1994 **Courses Catalog - University of Illinois at Urbana-Champaign** University of Illinois at Urbana-Champaign, 2002.
