*Brand Naming* Rob Meyerson, 2021-12-14 You don't have a brand whether it's for a company or a product until you have a name. The name is one of the first longest lasting and most important decisions in defining the identity of a company, product or service. But set against a tidal wave of trademark applications, mortifying mistranslations and disappearing dot com availability, you won't find a good name by dumping out Scrabble tiles. *Brand Naming* details best practice methodologies, tactics and advice from the world of professional naming. You'll learn what makes a good and bad name. The step by step process professional namers use. How to generate hundreds of name ideas. The secrets of whittling the list down to a finalist. The most complete and detailed book about naming your brand. *Brand Naming* also includes insider anecdotes, tired trends, brand origin stories and busted myths. Whether you need a great name for a new company or product or just want to learn the secrets of professional word nerds, put down the thesaurus, not to mention Scrabble, and pick up *Brand Naming*.

*To Invent Is Divine* James R. Edwards, 2025-04-23 Christians generally know that God created the heavens and the earth and made human beings in his image. They know that the earth is the Lord's and the fullness thereof he owns his creations. They know that skilled people create and own marvelous works. But a disconnect often occurs when it comes to God's communicable attributes of creativity and ownership and that combination's role in human innovation, technological progress and practical benefits from human creativity and ownership. *To Invent Is Divine* connects the dots between creativity and ownership as well as the dots between that combination and the fruits of human flourishing.
