**The Cult of Mac, 2nd Edition** Leander Kahney, David Pierini, 2019-12-17 It's been nearly fifteen years since Apple fans raved over the first edition of the critically acclaimed *The Cult of Mac*. This long-awaited second edition brings the reader into the world of Apple today while also filling in the missing history since the 2004 edition including the creation of Apple brand loyalty, the introduction of the iPhone and the death of Steve Jobs. Apple is a global luxury brand whose products range from mobile phones and tablets to streaming TVs and smart home speakers. Yet despite this dominance, a distinct subculture persists which celebrates the ways in which Apple products seem to encourage self-expression, identity, and innovation. The beautifully designed second edition of *The Cult of Mac* takes you inside today's Apple fandom to explore how devotions new and old keep the fire burning. Join journalists Leander Kahney and David Pierini as they explore how enthusiastic fans line up for the latest product releases and how artists pay tribute to Steve Jobs' legacy in sculpture and opera. Learn why some photographers and filmmakers have eschewed traditional gear in favor of iPhone cameras. Discover a community of collectors around the world who spend tens of thousands of dollars to buy, restore, and enshrine Apple artifacts like the Newton MessagePad and Apple II. Whether you're an Apple fan or just a casual observer, this second edition of *The Cult of Mac* is sure to reveal more than a few surprises, offering an intimate look at some of the most dedicated members in the Apple community.

**Brand Protection in the Online World** David N. Barnett, 2016-12-03 The growth of the Internet has had a profound effect on the way business is carried out and has provided an unprecedented opportunity for third-party individuals and organisations to attack brands with relative ease. These changes have resulted in the birth of a significant and rapidly growing new industry: that of online brand protection, consisting of specialist service providers which can be employed by brand owners to monitor and prevent potential attacks on their brand. *Brand Protection in the Online World* explains the full scope of Internet infringement and associated monitoring and enforcement options that are most relevant to brand owners and managers. Covering crucial topics such as brand abuse, counterfeiting, fraud, digital piracy, and more, *Brand Protection in the Online World* provides a clear and in-depth exploration of the importance of and ideas behind the brand protection industry.

**I-Bytes Technology Industry** IT Shades, 2020-10-13 This document brings together a set of latest data points and publicly available information relevant for the Technology Industry. **Driving Innovation from Within** Kaihan Krippendorff, 2019-10-22 Conventional business wisdom tells us that entrepreneurs are society s main source of innovation Young founders leave college with a big idea get to work in a garage and build something that changes the world Typical corporate employees strangled by slow moving bureaucracy are blocked from making transformative discoveries In Driving Innovation from Within strategist and advisor Kaihan Krippendorff disproves one of today s biggest business myths to highlight lessons for innovators and leaders He reveals how many of the modern world s most impactful creations were invented by passionate employee innovators If it were left up to go it alone entrepreneurs we would not have mobile phones personal computers or e mail Distilling more than 150 interviews with internal innovators and leading experts along with insights from the latest research and today s most successful companies from Tencent and Amazon to Mastercard and Starbucks Krippendorff lays out a step by step playbook to unlock innovation from the inside He maps the barriers that frustrate efforts to disrupt from within and provides tools to remove them detailing how visionary leaders can create islands of freedom inside an organization to activate existing employees potential and beat startups at their own game Driving Innovation from Within is a practical and inspiring guide to leadership from all levels for those who want the fulfillment of changing the world without leaving their job in order to do it

**Security 2.0** Charles Hauss, 2015-09-28 Today international security issues are slowly being reconsidered through the lens of human security which refers to a combination of political economic social nutritional environmental physical health and personal safety issues When first mentioned in 1994 the concept of human security represented a significant first step in understanding that security dilemmas could no longer be seen as purely geopolitical phenomena that revolve around the nation state This book explains the progress made toward human security since then and the steps that remain to be taken to achieve it fully It begins by addressing how the nation state is both the source and the solution of security problems in the world before demonstrating how the meaning of security itself is being reconsidered and traditional approaches are being challenged Building on the concept of human security the book looks at how we are slowly moving toward large scale political and social change It argues that it is time for a security 2 0 approach different from the traditional models of national security Thus Security 2 0 addresses new challenges and their political responses pointing toward alternatives to what is referred to as permanent war It highlights such themes as cooperation the multi dimensionality of security issues and

**Medication Management: Emerging Research and Opportunities** Yap, Kevin, Ali, Eskinder Eshetu, Chew, Lita, 2020-07-31 Medication management is an essential component of therapeutic success in the treatment of chronic diseases. However, patients who do not regularly take their prescribed medications are a primary concern of health systems worldwide. A significant proportion of patients on chronic medications fail to adhere to their treatments, and suboptimal adherence leads to dire clinical and financial consequences on the personal level. Moreover, non-adherence can adversely impact public healthcare costs and the clinical outcomes of patients. Design and Quality Considerations for Developing Mobile Apps for Medication Management: Emerging Research and Opportunities is a collection of innovative research that combines theory and practice on optimizing strategies to improve medication adherence and overall health and wellbeing in patients through the design of usable and reliable mobile app-based systems. Highlighting a broad range of topics including pharmaceutical care quality assessment and health behavior frameworks, this book is ideally designed for clinicians, pharmacists, healthcare providers, programmers, software developers, researchers, academicians, and students. **Market Watch**, 1981
