*ICEL 2018 13th International Conference on e-Learning* Professor Eunice Ivala, 2018-07-05 *ICEL 2017 - Proceedings of the 12th International Conference on e-Learning* Laurie O. Campbell, Richard Hartshorn, 2017 **Health Research Governance in Africa** Cheluchi Onyemelukwe-Onuobia, 2018-09-06 The globalisation of research has resulted in the increased location of research involving humans in developing countries. Countries in Africa along with China and India have seen research grow significantly. With emerging infectious diseases such as Ebola and Zika emphasising the risk of public health crises throughout the world, a further increase in health research including clinical research in developing countries which are often the sites of these diseases becomes inevitable. This growth raises questions about domestic regulation and the governance of health research. This book presents a comprehensive and systemic view of the regulation of research involving humans in African countries. It employs case studies from four countries in which research activities continue to rise and which have taken steps to regulate health research activity: South Africa, Nigeria, Kenya, and Egypt. The book examines the historical and political contexts of these governance efforts. It describes the research context, some of the research taking place, and the current challenges. It also looks at the governance mechanisms ranging from domestic ethical guidelines to legal frameworks, the strengthening of existing regulatory agencies, to the role of professional regulatory bodies. The book analyses the adequacy of current governance arrangements within African countries and puts forward recommendations to improve the emerging governance systems for health research in African and other developing countries. It will be a valuable resource for academics, researchers, practitioners, and policy makers working in the areas of health research, biomedical ethics, health law, and regulation in developing countries. ECCWS 2020 19th European Conference on Cyber Warfare and Security Dr Thaddeus Eze, Dr Lee Speakman, Dr Cyril Onwubiko, 2020-06-25 These proceedings represent the work of contributors to the 19th European Conference on Cyber Warfare and Security. ECCWS 2020 supported by University of Chester UK on 25-26 June 2020. The Conference Co-chairs are Dr Thaddeus Eze and Dr Lee Speakman, both from University of Chester, and the Programme Chair is Dr Cyril Onwubiko from IEEE and Director Cyber Security Intelligence at Research Series Limited. ECCWS is a well-established event on the academic research calendar and now in its 19th year, the key aim remains the opportunity for participants to share ideas and meet. The conference was due to be held at University of Chester UK but due to the global Covid 19 pandemic it was moved online to be held as a virtual event. The scope of papers will ensure an interesting conference. The subjects covered illustrate the wide range of topics that fall into this important and ever-growing area of research.
