Annual Report to the National Assembly for the Financial Year Ended ... South Africa. Independent Electoral Commission,2016 *Government Gazette* New South Wales,1913 Department for Communities and Local Government Great Britain. National Audit Office,2008 Housing developments require the approval of planning applications by the 368 local planning authorities in England before they can proceed The Department for Communities and Local Government has given local authorities approximately 68 million a year to improve the handling of planning applications and in particular to speed them up Measures taken include national targets payment of Planning Delivery Grant initiatives to build public sector planning capacity initiatives to improve the development management process While authorities are taking more decisions on major housing schemes within 13 weeks the true extent of the improvement across the development process is not as clear as it could be The combination of the extra grant and the setting by the Department of targets has encouraged local authorities to give a higher priority to taking speedier decisions The Department s figures on processing planning applications for large housing developments show a significant improvement with 67 per cent of decisions being reached in 13 weeks in 2007 08 up from 37 per cent in 2002 03 But the extent of improvement across the development process is less clear because the Department s performance measure excludes the time spent before an application s submission and after its subsequent approval both of which can be substantial The Department does not collect data on how long it took to reach these decisions The National Audit Office found that for the 11 authorities visited decisions to reject were taken more quickly than those to approve with approval taking on average 25 weeks for the 100 cases examined from 2006 07 **UKCAT For Dummies** Chris Chopdar,Neel Burton,2014-06-23 Fully updated to include the review materials and practice you need for the new Situational Judgment Test The expert advice instruction review and practice students need to score high on the UKCAT If you re planning on applying to medical or dental school the new edition of UKAT For Dummies provides a proven formula for success It s packed with practice questions in depth answers and strategies and tips for scoring well on each of the test sections including the Situational Judgment Test and the new question types introduced for the Verbal Reasoning and Abstract Reasoning test sections *Delivering and Evaluating Participation after Access* Liz Austen,Colin McCaig,2025-09-30 Delivering and Evaluating Participation after Access is a timely response to the rise in discussion about how Higher Education HE providers support participation for disadvantaged students in HE **The Athenaeum** ,1906

Advancing Theory and Research in Widening Participation Ellen Boeren,Nalita James,2019-10-23 Issues of access social exclusion and widening participation dominate educational policy agendas and are a shared global challenge Participation in higher education and adult lifelong learning activities can be a life changing experience that opens up new opportunities However access remains unequal People from lower socio economic backgrounds those living in the most deprived areas and people from minority ethnic groups are underrepresented In this book we focus on how we can move the

field of widening participation forward paying specific attention to the theories and methods we can use to better understand and tackle the problem of underrepresented groups in post compulsory education and how individuals and institutions can be supported We argue that in order to make sense of these issues it is important to engage in both the findings of widening participation research and the theoretical foundations which underpin them This way alternative perspectives on the widening participation agenda and emerging research and policy can be explored from alternative perspectives This book was originally published as a special issue of Studies in Continuing Education Financial Mail ,1985-03 Report of the Auditor-General on the Accounts of the Republic for the Financial Year Ended 31st Dec. ... Zambia. Radiation Protection Authority,Zambia. Office of the Auditor General,2016 **Oxford University Gazette** University of Oxford,1933 **The Horticulturist** ,2022 Parliamentary Debates (Hansard). Great Britain. Parliament. House of Commons,1948 Contains the 4th session of the 28th Parliament through the session of the Parliament International and Foreign Gale Group,1999 **Yearbook of International Organizations** ,1996 **Educational Research for Social Justice** Alistair Ross,2021-06-22 This book presents a series of analyses of educational policies largely in the UK but some also in Europe researched by a team of social scientists who share a commitment to social justice and equity in education We explore what social justice means in educational policy and practice and how it impacts on our understanding of both educational science and the public good Using a social constructivist approach the book argues that social justice requires a particular and critical analysis of the meaning of meritocracy and of the way this term turns educational policies towards treating learning as a competition in which many young people are constructed as losers We discuss how many terms in education are essentialised and have specific and different meanings for particular social groups and how this may create issues in both quantitative survey methods and in determining what is the public good We discuss social justice across a range of intersecting social characteristics including social class ethnicity and gender as they are applied across the educational policy spectrum from early years to postgraduate education We examine the ways that young people construct their identities and the implications of this for understanding the public good in educational practice We consider the responsibilities of educational researchers to acknowledge these issues and offer examples of researching with such a commitment We conclude by considering how educational policy might contribute to a socially just equitable and inclusive public good *Bursary Register for the 2016 Academic Year* , *2016 National Bursary Scholar Awards* Bahamas.
