down to one thing what you do In reality it doesn't even matter if you do them well As long as you do them of course the better you do them the better and more long lasting the result The problem is you may have read twenty books on marketing yet still not actually know what to do next This book takes away that problem I will detail exactly what to do what strategies to employ and how to implement them there are no if or maybes I will show you exactly what I did to create and maintain a successful business of 15 to 20 clients a day To the point where I was turning them away or booking a year ahead No theory just action No secrets no upsell simply how I did it and how you can do it All you have to do is DO IT and changes will occur Those changes won't be in your personality like a self help book I'm sure you're already a very nice person after all you're a therapist The changes will be in the number of clients you see How much money you make If you have a problem with this then this book is not for you if you think a therapist shouldn't make an income from what they do or money is evil or that you should not be paid for helping people then I repeat this book is not for you I couldn't make it any clearer than that I'm not going to mince words You can sort out your issues and problems with money on your own time however if you want to see more clients build your business and grow then just DO these steps implement them and YOU WILL get more clients It's not about marketing or feeling good or your personality it's not how many motivational seminars you attend books you read or hours spent in an arm chair trying to figure it out Success is about and a result of WHAT YOU PHYSICALLY DO the actions you take If you want to feel good about yourself make some money see more clients then tell me you don't feel better when the bills are paid because of your efforts input and work the family has more time with you and your booked six months ahead **Hypnotherapy Handbook** Kevin Hogan,2000 *Guide to American Directories* Barry T. information together in this way so that you'll never have multiple tasks on the go at once some of which you may never complete and you won't be looking to the final outcome wondering if it can ever be possible for you to achieve Focus on each simple step and nothing more and go at your own pace Don't rush it do it right at the pace that works for you No stress no overwhelm That's what this system is all about And we know that if you follow this system your journey will take you to exactly where you want to be Peter Lancett and Jackie Brennan England April 2023 Also by Peter Lancett and Jackie Brennan PERSUASIVE LANGUAGE the art of getting what you want ISBN 979 8363025471
