Dear Ms. Matheson:

January 23, 2023

When I heard about HCA Healthcare's \$3.7M charitable care initiatives, I knew I wanted to become a nurse with HCA. Your title as one of the World's Most Ethical Companies to Work for further drives my desire to apply for this position. As your Med Surg nurse, I know I can improve patients' lives through compassionate, effective care using the most modern nursing practices.

Your organization shares my passion for patient care regardless of the ability to pay, as shown by your community impact fund to help people living below the poverty line. As an LPN at Cedar Ridge Clinic, I frequently saw entire families. Beyond greeting patients and assessing their condition, I engaged with each one personally, remembering details from their previous visits and asking about family members. Moreover, I researched ways to reduce their medical bills, such as requesting assistance from the clinic's charity funds. By developing a relationship with my patients and helping them find affordable care, they were 48% more responsive to the doctor's suggestions, and we reduced their clinic stay by 28%. Around 77% of patients said they'd return to Cedar Ridge Clinic or recommend it to their friends.

Most recently, I was a nurse with Vivian Health. I floated between three departments, communicating changes to healthcare staff, providing instructions for CNAs, and performing basic tasks, including drawing blood and taking vitals. On any given day, I cared for six patients, assisted five doctors, and instructed two CNAs per shift, which meant I was stretched thin and unable to provide adequate care to my patients. To remedy the issue, I coordinated the nursing schedules using ShiftWizard, so every nurse knew where they needed to be and whom they were helping throughout the day. After using ShiftWizard for three months, productivity increased by 28% and efficiency rates by 19%.

Providing adequate care for my patients is only the tip of the iceberg; I connect with patients personally and consistently seek to improve. As a nurse with HCA, I will provide individualized care to patients and collaborate with families, doctors, and healthcare staff to create better patient care plans. Thank you for raising the standard of healthcare in the US, and I eagerly await your response.

Respectfully,

Aurora Landig
