Across the Spectrum of Socioeconomics International Socioeconomics Laboratory, 2020-12-28 The International Socioeconomics Laboratory ISL is a global research network of primarily students and young adults that strive to find the most adequate solutions to current socio economic problems and those that may be just around the corner We make use of existing records and data to create our own comprehensive models and studies to find plausible routes to the root cause of these problems and see what can be done about them or what knowledge can be acquired However our information collection is not limited to what is already in sight though it may be more difficult given the unprecedented times we also look to collect information and data through surveys and soon types of experiments as well The goal of the ISL is clear assess and address the issues that face our society through the will and capability of the youth in order to foster a greater one The work done in the ISL serves as the foundation for the work done by its sister organizations Finxspire and Finxerunt We plan on having our research be used by Finxerunt to create real political policy that will address the shortcomings that stem from society and its current state Our research will also be implemented by the committees within the ISL to serve as the basis for its campaigns podcasts and films Both organizations share a common goal in giving their best efforts to bring about positive change in the world The ISL will be the first and largest of its kind This spring the ISL looks to accept over 500 applicants and aim for a long term goal of over 1000 Through our work we can bring these students and young adults various benefits ranging from volunteer hours to PVSA awards signed by the President of the United States himself As many struggle from the implications of the global pandemic the ISL will serve as an incentive for them to move forward and look towards a brighter future The ISL serves as an important venue for the youth the youth are highly capable and intelligent many of them are cognizant or can identify if their societies are headed in the wrong direction However as it stands it is difficult for the youth to have a say for they are often overlooked and shadowed The ISL looks to change that however The ISL will allow for the youth to have their voices and ideas heard through us the youth can look to envision the very change they believe would be necessary to implement or consider Part of the future of their respective societies starts with the youth and the future starts with the ISL Every research paper here has been written by our Fall Staffers from our fall Finxerunt Research programs For more information please go to www.finxerunt.org or www.socioeconlabs.org You can also reach out to us at info.socioeconlabs.org The Low Pay Unit's New Review ,1999 **Congressional Record** United States. Fast Food, Fast Track Jennifer Talwar,2018-03-05 Praise for Fast Food Fast Track A fine ethnography with both theoretical and advocative significance representing the best qualitative sociology Choice Explores the intimate realities and behind the scenes exchanges of a multiethnic work force serving the typical American meal Through a lively narrative and insightful stories Jennifer Parker Talwar gives a full sense of what it s like to live in both a global economy and a local culture Sharon Zukin author of *The Cultures of Cities* No longer just pocket money for American teens wages paid by multinational

fast food chains are going to a new generation of order takers burger flippers and basket fryers newly arrived immigrants hailing from China the Caribbean Latin America and India a colorful sea of faces has taken its place behind one of the most ubiquitous American business institutions the fast food counter They have become a vital link between the growing service sector in our cities ethnic enclaves and the multi billion dollar global fast food industry For four years sociologist Jennifer Parker Talwar went behind the counter herself and listened to immigrant fast food workers in New York City s ethnic communities They talked about balancing their low paying jobs and monotonous daily reality with keeping the faith that these very jobs could be the first step on the path to the American Dream In this original and compelling work of ethnography Talwar shows that contrary to those arguing that the fast food industry only represents an increasing homogenization of the American workforce fast food chains in immigrant communities must and do adapt to their surroundings
