**Motorcycles** W. Haycraft,Floyd Clymer,2009-03 94 pages 54 illustrations size 5 5 x 8 5 inches An illustrated Owner s Workshop Manual covering Pre War BSA Single and Twin Cylinder SV and OHV Motorcycles This is a faithful reproduction of the Floyd Clymer W C Haycraft Book Of The BSA originally published in the US in 1947 Much more detailed than the owner s handbook this manual includes complete technical data service and maintenance information and detailed instructions for the repair and overhaul of the major mechanical and electrical components for the majority of the pre war BSA single and twin cylinder motorcycles However as this manual was written specifically for the motorcycles constructed between 1936 through 1939 the information may not be quite as comprehensive for the earlier versions of these models There is adequate detailed text and diagrams to assist in major refurbishing such as an engine rebuild or even a complete mechanical renovation making it an invaluable resource for collectors and restorers of these classic BSA motorcycles OHV and SV Models covered by this publication are 150c c X0 250c c B1 B2 B18 B20 B21 B22 C10 C11 350c c B23 B24 B25 B26 M19 R4 R5 R17 R19 R20 500c c J12 M20 M22 M23 M24 Q7 Q8 Q21 W6 600c c M10 M21 750c c Y13 1 000c c G14      **The**

**1945-1958 for All Pre-Unit S.V. and O.H.V. Rigid, Spring Frame and Swing Arm Models** Floyd Clymer,2021-08-11 222 pages and more than 250 illustrations and charts size 8 25 x 10 75 inches In 1945 after the war had ended BSA resumed production of their civilian line of motorcycles However they continued their pre war practice of publishing repair overhaul and technical information in the form of individual Service Sheets These sheets were dealer only publications and as such the print quality was at times somewhat questionable It was not until the early 1960 s that BSA eventually started publishing

model specific workshop manuals that were available to the general public Consequently these Service Sheets were the only publications available for the maintenance and repair of BSA models that were manufactured through the early 1960 s At some point in the 1930 s BSA adopted the practice of identifying their various model types by groups and the models manufactured from 1945 through the mid 1960 s were in Groups A B C D and M The service sheets that were associated to a particular group were identified numerically and while there were some exceptions due to overlapping data between models in general terms the numbers relate to a particular model group They are as follows The 200 series of service sheets were applicable to Group A models the 300 series to Group B the 400 series to Group C the 500 series to Group D and the 600 series to Group M In addition there were a 700 series applicable to mechanical maintenance and an 800 series for electronic service and wiring diagrams Both the 700 and 800 series of service sheets contained information that was not model specific but was applicable across multiple model groups Unfortunately as these service sheets were issued individually and at random times the numbering sequence within any group is at times illogical and not necessarily consecutive Consequently assembling those individual sheets into a publication that serves as a model specific workshop manual is a somewhat difficult task and owners of BSA motor cycles are subjected to considerable confusion surrounding the appropriate selection from the multitude of reprints that have recently flooded the on line marketplace Many of the reprints found on internet websites are from bedroom sellers at enticingly low prices by individuals that really have no idea what they are selling Many are nothing more than poor quality comb bound photocopies that are scanned and printed complete with greasy pages and thumbprints and as such are deceptively described as pre owned used or even refurbished In addition they are often advertised for the incorrect series and or model years of motorcycles The most complete compilation of the 1945 and onwards service sheets was issued by BSA in the form of a dealer only ring binder that contained all of the individual service sheets totaling to almost 500 pages it is extremely scarce and difficult to find This manual contains 63 service sheets 210 pages extracted from that dealer only publication which cover the pre unit 1945 to 1958 rigid and spring frame C10 C10L C11 C11G and the 1956 to 1958 swing arm C12 Obviously as the C10 was introduced in 1938 this manual will also be of use to owners of those earlier models Please note that service sheets other than those in the 400 series that are included in this publication may also contain data that is applicable to other model groups as that was the original intention For additional information the reader is directed to *The Book of the BSA 250cc 350cc 500cc 600cc OHV SV singles 1945 to 1959* ISBN 9781588502292 which covers the B31 B32 B33 B34 C10 C11 C11DL M20 M21 M33 models *BSA Beagle Instruction Manual* ,1963
