Computer Comprehensive Companion Doug Knell, 2018-01-09 This book almost saved my last couple of marriages Andrew McBain Computer Hacker Intl Written by an idiot savant who became acquainted with these secrets during a pseudo religious experience Preview the book and be saved Holy Mackerel My Desktop Computer PC System Just Crashed What The % Should I Do An Apple a day may keep the doctor away but what happens if you have a Windows PC and no computer science degree The Computer Comprehensive Companion contains over 100 powerful tricks to broaden your computer knowledge any single one when applied which will save you countless heartaches money and time possibly a marriage You've seen the encyclopedia like Windows reference guides for dummies Who the f k reads those You're no geek What you need is a concise entertaining life changing book to learn about computers that will finally put you in charge of your PC Your Computer PC is the most important tool on your desktop Should you remain completely ignorant about something that important According to PC Magazine 65% of Americans spend more time with their computer than they do with their spouse In another magazine article over 7 in 10 Americans claim they're more dependent on their PC than they were three years ago For a machine you're so dependent on don't you think it'd be prudent to better learn how computers work Ignore another snoozefest book on software or hardware you'll quickly forget The Computer Comprehensive Companion is packed with just the sort of computer knowledge well beyond stuff only for dummies that every Windows PC user needs BE ABLE TO Salvage your system or at least minimize damage By following the computer knowledge in this book before this painful day arrives you should be reaching for a gin tonic and not a shotgun Select the right warranty Recover accidentally deleted or corrupted files Keep your PC protected with optimal computer security science Speed up your Windows PC Perform backups Convert your files into universal file formats for sharing Get rid of hard to delete files View

internet video offline on any device Convert video so it plays anywhere Build your dream song libraries Uninstall Windows software the right way Choose the ideal software without having to consult another book Use the proper computer science security diagnostic tools to monitor your PC's cholesterol Compare different PCs for your next purchase Make the best decision on which software upgrades to book Monitor the children so they can't abuse the internet and computer's DVD player 24/7 And much more You want to know the problems with those other books that try to teach you how computers work You surely know some since in the past you must have bought a number of these cumbersome paperweights posing as a software book Let me remind you of just two First those other books are written in boring techno geek They might be packed with some knowledge to learn about computers but that doesn't do you a whole lot of good when you can't stay awake past the first chapter You don't have to worry about that here And second those other techno geek books focus only on Windows for dummies tricks What you need to know about Windows is given its due but the title of this easy to understand book is not the Windows Comprehensive Companion Put into practice just a handful of the computer knowledge you'll be taught and we're positive you'll consider this book one of the best educational investments you've ever made This is a companion who will never let you down
