Burden of Sisyphus Jon Messenger, Joshua Hickman, 2011-08-01 Between the alien Alliance and the Terran Empire a neutral zone stretches between the galaxies a demilitarized zone that was established 150 years previous following the Great War The peace accord granted a semblance of peace to the universe The peace however is a facade and it is the responsibility of Michael Vance and his covert operations team to maintain the illusion of peace Recently the Alliance lost contact with one of their outposts near the neutral zone Surveillance scans show an abandoned city and no signs of life The Alliance does what it always does send in the best But an unexpected betrayal leaves Vance and his team stranded Worse the city that was supposed to be dead is quite alive And the monsters that now roam its streets are slaughtering his team one at a time

The Myth of Sisyphus Elliott M. Simon, 2007 The myth of Sisyphus symbolizes the archetypal process of becoming without the consolation of absolute achievement It is both a poignant reflection of the human condition and a prominent framing text for classical medieval and renaissance theories of human perfectibility In this unique reading of the myth through classical philosophies pagan and Christian religious doctrines and medieval and renaissance literature we see Sisyphus the most cunning of human beings attempting to transcend his imperfections empowered by his imagination to renew his faith in the infinite potentialities of human excellence
