The Wall Street Journal ,1994 **Forbes** ,1999 *Coming Clean* Eric Heinze,2025-04-08 What has gone wrong with the left and what leftists must do if they want to change politics ethics and minds Leftists have long taught that people in the West must take responsibility for centuries of classism racism colonialism patriarchy and other gross injustices Of course right wingers constantly ridicule this claim for its wokeness In *Coming Clean* Eric Heinze rejects the idea that we should be less woke In fact we need more wokeness but of a new kind Yes we must teach about these bleak pasts but we must also educate the

public about the left's own support for regimes that damaged and destroyed millions of lives for over a century Stalin in the Soviet Union Mao Zedong in China Pol Pot in Cambodia or the Kim dynasty in North Korea Criticisms of Western wrongdoing are certainly important yet Heinze explains that leftists have rarely engaged in the kinds of open and public self scrutiny that they demand from others Citing examples as different as the Ukraine war LGBTQ people in Cuba the concept of hatred and the problem of leftwing antisemitism Heinze explains why and how the left must change its memory politics if it is to claim any ethical high ground
