## **Accelus User Guide:**

The Complete Guide to Business Risk Management Mr Kit Sadgrove, 2015-04-28 Risk management and contingency planning has really come to the fore since the first edition of this book was originally published Computer failure fire fraud robbery accident environmental damage new regulations business is constantly under threat But how do you determine which are the most important dangers for your business What can you do to lessen the chances of their happening and minimize the impact if they do happen In this comprehensive volume Kit Sadgrove shows how you can identify and control the relevant threats and ensure that your company will survive He begins by asking What is risk How do we assess it and How can it be managed He goes on to examine in detail the key danger areas including finance product quality health and safety security and the environment With case studies self assessment exercises and checklists each chapter looks systematically at what is involved and enables you to draw up action plans that could for example provide a defence in law or reduce your insurance premium The new edition reflects the changes in the global environment the new risks that have emerged and the effect of macroeconomic factors on business profitability and success The author has also included a set of case studies to illustrate his ideas in practice

The Business Ethics Twin-Track Steve Giles, 2015-04-07 Institute a proactive reputational management framework that matches individual behaviour to organizational values The Business Ethics Twin Track is a practical guide to reputational risk management A deep exploration of the concept of reputation the ways in which it can suffer and the consequences when it does the book outlines an ethics controls framework that can mitigate risk and improve business performance Readers will learn how to identify and manage weaknesses and how to institute a system of governance that embeds proper ethical conduct into the corporate culture A clear set of controls and procedures provides actionable instruction that can be customised to suit the organisational structure and discussion of historical and international ethics provides the context for implementation Case studies illustrate the real world applications while interviews with executives from a variety of sectors provide important practical insights into some of the key issues discussed in the book The law regulates behaviour in health and safety and financial crime but otherwise conduct is largely determined by the culture ethics and values of an organisation Effective reputation management is complex and often difficult to achieve as much of the available information on the topic is more theoretical than practical This book bridges the gap by providing the tools that will help managers to Implement a modern ethics control framework encompassing codes officers reporting lines and training Consider the role of the media and social media in reputational damage to individuals and organisations Analyse the key controls in responsibility and governance frameworks from around the world Determine the causes and controls of conduct risk including incompetence negligence and criminality Today s fast paced media environment means corporate reputations can be obliterated in moments and damage limitation is often too little too late Adopting the measures set out in this book will embed ethics into the culture and match people s behaviours to the

organisation's values      **The Changing Face of Compliance** Sharon Ward, 2016-04-01 In the current business climate the impact of the volume and nature of regulatory change and the regulatory risk arising from this is a significant business risk for regulated firms and regulators alike As a consequence management of this risk is increasingly high on the board agenda of regulated firms with those business functions whose activities support this such as Compliance facing increasing levels of challenge in their efforts to be effective The Changing Face of Compliance addresses core aspects of this challenge considering the relationship between regulation and compliance and key influences on both offering insight into the effectiveness of current approaches and addressing practical compliance challenges Sharon Ward explains how the role of Compliance might be strengthened and those who work within it further enabled to support the current focus on improving standards in business offering recommendations for enhancing this role The text includes a mix of hands on advice examples and research based on the experiences of practitioners educators and regulators drawn from across a wide range of jurisdictions and sectors This is a thoughtful and timely book whether you are concerned about the growing and changing implications of regulatory risk the benefit of leveraging additional value from your Compliance function or your own Compliance role or ways of transforming and sustaining the function to ensure its continued relevance to the business

The Changing Function of Compliance Sharon Ward, 2023-09-18 As risks arising within the business environment grow in size and complexity so too do the regulatory requirements put in place to manage them The pace of regulatory change is itself a significant business risk and compliance departments are under increasing pressure to keep up with the change and adapt their organisations accordingly This new edition of what has become an indispensable guide to regulation compliance brings readers up to date with changing areas of focus and provides guidance for regulated firms and regulators alike The Changing Function of Compliance considers the relationship between regulation and compliance as well as key influences on both offering insight into the effectiveness of current approaches and addressing practical compliance challenges It explains the purpose and development of regulatory risk management and the existing regulatory environment and provides a detailed exploration of the compliance function explaining how the role might be strengthened and how best to approach the role to enable it to be effective This practical and accessible handbook includes a mix of hands on advice examples and research based on the experiences of practitioners educators and regulators drawn from across a wide range of jurisdictions and sectors This book is an essential read whether you are concerned about the growing and changing implications of regulatory risk the benefit of leveraging additional value from your compliance function or your own compliance role or ways of transforming and sustaining the function to ensure its continued relevance to the business      Arkansas Law Review ,2013
