**J Rink**

## France Since 1930:

**France Since 1930** John E. Talbott,1972      **Decline Or Renewal? France Since the 1930s** Stanley Hoffmann,1974

*We'll Always Have Paris* Harvey Levenstein,2010-03-15 For much of the twentieth century Americans had a love hate relationship with France While many admired its beauty culture refinement and famed joie de vivre others thought of it as a dilapidated country populated by foul smelling mean spirited anti Americans driven by a keen desire to part tourists from their money *We ll Always Have Paris* explores how both images came to flourish in the United States often in the minds of the same people Harvey Levenstein takes us back to the 1930s when despite the Great Depression France continued to be the stomping ground of the social elite of the eastern seaboard After World War II wealthy and famous Americans returned to the country in droves helping to revive its old image as a wellspring of sophisticated and sybaritic pleasures At the same time though thanks in large part to Communist and Gaullist campaigns against U S power a growing sensitivity to French anti Americanism began to color tourists experiences there strengthening the negative images of the French that were already embedded in American culture But as the century drew on the traditional positive images were revived as many Americans again developed an appreciation for France s cuisine art and urban and rustic charms Levenstein in his colorful anecdotal style digs into personal correspondence journalism and popular culture to shape a story of one nation s relationship to another giving vivid play to Americans changing response to such things as France s reputation for sexual freedom haute cuisine high fashion and racial tolerance He puts this tumultuous coupling of France and the United States in historical perspective arguing that while some in Congress say we may no longer have french fries others like Humphrey Bogart in *Casablanca* know they will always have Paris and France to enjoy and remember      *Catalogue of the Public Documents of the ... Congress and of All Departments of the Government of the United States for the Period from ... to ... ,1929*

*Catalogue of the Public Documents of the [the Fifty-third] Congress [to the 76th Congress] and of All Departments of the Government of the United States* United States. Superintendent of Documents,1896      **Report on Economic and Commercial Conditions in Algeria** Great Britain. Department of Overseas Trade,1921      *Migration Movements, 1920/1923-* International Labour Office,1925      *Report by H.M. Trade Commissioners, Commercial Diplomatic and Consular Officers on Commercial and Financial Conditions in Various Countries* Great Britain. Department of Overseas Trade,1921

**Scandal and Aftereffect** Steven Ungar,1995 Scandal and Aftereffect will make a crucial contribution to discussions about the function of memory in the relationship of history to cultural production and about the history of history itself

*The Hollow Years* Eugen Weber,1996 Competitive intellectual preening grew more vapid competitive political aspersions more scurrilous The general public grumbled tightened belts struck rioted and when all else failed rounded on immigrants unwanted strangers intruders parasites speaking in strange accents and cooking with strange smells      France Faces Depopulation Joseph John Spengler,1968      Africa Since 1935 Ali Al'Amin Mazrui,Christophe Wondji,2014      *Commerce*

*Reports* United States. Bureau of Foreign and Domestic Commerce,1932      **Founding Republics in France and America** John Anthony Rohr,1995 Recalling Tocqueville's exhortation for the French to look to America for a better understanding of their own government John Rohr returns the favor by revealing how much we can learn about American constitutionalism from a close study of French governance The French and American republics both emerged from the same revolutionary era and share a common commitment to separation of powers rule of law and republicanism Even so the two constitutional traditions are quite different France after all has replaced its constitution at least thirteen times since 1789 while the American constitution has endured essentially intact Yet as Rohr shows French constitutionalism merits our careful attention Focusing upon the founding of the French Fifth Republic and the drafting of its constitution Rohr compares the nations divergent approaches to executive legislative and judicial power independent administrative authority and discretion and the relation of administrative law to statutory law His analysis of France's divided versus our unified executive the two presidents' exceptional powers and their influence on the legislative process provides particularly fresh insights into how the two constitutional traditions promote and inhibit the capacity for administrative action Rohr shows that French administrative institutions are much more thoroughly developed than their American counterparts due to recurrent presidential and constitutional crises Without such a strong public administration daily life in France would likely be extremely unstable if not quite chaotic The proper role of the French institutions he suggests is largely determined by their relationship to elected officials whereas their American counterparts are essentially shaped by the constitutional order A model for future comparative work in constitutional law and public administration Rohr's study should help us see that the constitutional path we've pursued wasn't the only possibility and why we've chosen that route nevertheless As such it should have great appeal for students teachers and practitioners in U S and French law politics and public administration

*Financial pamphlets* ,1878      **Daily Consular and Trade Reports** ,1931      Studies and Reports ,1929      The French Language and National Identity (1930-1975) David C. Gordon,1978 CONTRIBUTIONS TO THE SOCIOLOGY OF LANGUAGE brings to students researchers and practitioners in all of the social and language related sciences carefully selected book length publications dealing with sociolinguistic theory methods findings and applications It approaches the study of language in society in its broadest sense as a truly international and interdisciplinary field in which various approaches theoretical and empirical supplement and complement each other The series invites the attention of linguists language teachers of all interests sociologists political scientists anthropologists historians etc to the development of the sociology of language      A Handy Book of Reference on All Subjects and for All Readers Ainsworth Rand Spofford,Charles Annandale,1900      **House Beautiful** ,1929
