Excerpt from Prentice Hall Tax Service for 1919 This allowance is not based upon the difference between the actual war cost of such facilities and what they would have cost at pre war prices Obviously the taxpayer is not entitled to recover or extinguish through amortization more than the difference between the war cost of such property and what he can sell the property for after the war or if he continues to need and use it in his business what it would have cost him after the war As the rule is expressed in Article 183 of the Regulations The total amount to be extinguished by amortization in general is the excess of the unextinguished or unrecovered cost of the property over its maximum value either for sale or for use as part of the plant or equipment of a going business under stable post war Conditions About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Dandelion

Days (Classic Reprint) Henry Williamson, 2015-07-17 Excerpt from Dandelion Days My Dear Dakers For some time past I have been undecided whether to let you see this letter before you read the tale My original intention was to attach it to the end of the story lest its presence at the beginning might deter you from reading the book Upon reflection however I have decided to be honest with you to put my faith in your patience You may remember myself coming to see you a year after the end of the war with the manuscript of a book hidden in an old army blanket The blanket was not recognisable as such since with considerable skill I had fashioned an overcoat from it the script I had written during three weeks of fierce mid nights and famishing morrows following an almost intolerable pain Nevertheless you managed to read approximately words of my tale The kindly encouragement you gave me the hopes you aroused and most of all your friendship were directly responsible for my eventual retirement to the remote country there to devote all my time and energy to the recasting of my whole scheme and the selection of characters and episodes that would bear their part in its presentation I realised many things that I might have to starve that most things that make youth enjoyable I must forgo however I made some good friends in Devon so I did

be to Liddel s Corners now boss The man who asked the question seemed very much in earnest about it and his tone which by the way was distinctly Irish implied that considerable hung upon the answer As one sets down the commonplace inquiry after the long lapse of years it certainly sounds insignificant enough But it was quite a different matter to the rosy cheeked traveller that frosty winter morning as the heavily laden stage made its creaking way along the primitive road that led from Hamilton to Glen Ridge Nor did the question seem a trifling one to the other occupants of the four seated sleigh if quick and eager glances in the direction of the driver may be considered evidences of interest About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
