## **Bordered Lives Transgender Portraits From Mexico:**

**Bordered Lives** Kike Arnal, 2015-02-17 A richly evocative collection of photographs by internationally renowned photographer Kike Arnal *Bordered Lives* seeks to push back against the transphobic caricatures that have perpetuated discrimination against the transgender community in Mexico. Despite some important advances in recognizing and protecting the rights of its transgender community including legislating against hate crimes targeting transgender people, discrimination still persists and the majority of the violent attacks against the LGBT community are against transgender women. In the highly personal profiles that make up *Bordered Lives*, Arnal takes us into the lives of seven individuals in and around Mexico City. He shows them going about their day to day lives, getting ready in the morning, interacting with family and friends, and devoting their lives to helping others in the transgender community. Deeply honest, sensitive, and humane, *Bordered Lives* challenges society's preconceived notions of sexuality, gender, and beauty, not only in Mexico but across the globe. *Bordered Lives* was designed by Emerson Wajdowicz Studios. EWS **Bordered Lives**, 2015 *Women's Lives around the World* Susan M. Shaw, Nancy Staton Barbour, Patti Duncan Ph.D., Kryn Freehling-Burton Ph.D., Jane Nichols, 2018-01-04 Providing an in-depth look at the lives of women and girls in approximately 150 countries, this multivolume reference set offers readers transnational and postcolonial analysis of the many issues that are critical to the success of women and girls. For millennia, women around the world have shouldered the responsibility of caring for their families. But in recent decades, women have emerged as a major part of the global workforce, balancing careers and family life. How did this change happen? And how are societies in developing countries responding and adapting to women's newer roles in society? This four-volume encyclopedia examines the lives of women around the world, with coverage that includes the education of girls and teens, the key roles women play in their families, careers, religions, and cultures, how issues for women intersect with colonialism, transnationalism, feminism, and established norms of power and control. Organized geographically, each volume presents detailed entries about the lives of women in particular countries. Additionally, each volume offers sidebars that spotlight topics related to women and girls in specific regions or focus on individual women's lives and contributions. Primary source documents include sections of countries' constitutions that are relevant to women and girls, United Nations resolutions, and national resolutions regarding women and girls, and religious statements and proclamations about women and girls. The organization of the set enables readers to take an in-depth look at individual countries as well as to make comparisons across countries. *Lives in Transition* Slobodan Randjelovic, 2018-10-30 Part of the ongoing series of photobooks published with the Arcus Foundation and Emerson Wajdowicz Studios, *queer communities around the world* is a stunning portrait of a community battling homophobia in Serbia. In June 2001, Serbia witnessed its first gay pride parade in history in Belgrade's central square. It was a short-lived march, as an ultranationalist mob quickly descended on the participants, chanting homophobic slurs and injuring dozens. For years afterward, fear of violence prevented further marches.

and when in October 2010 the next pride march finally went ahead it again devolved into violence as anti gay rioters firing shots and hurling petrol bombs fought the police It was only in 2014 that a pride march was held uninterrupted albeit under heavy police protection In Lives in Transition photographer Slobodan Randjelovic captures the struggles and successes of twenty LGBTQ people living throughout Serbia a conservative religious country where despite semi progressive LGBTQ protection laws homophobia fueled by religious authorities and right wing political parties remains deeply entrenched In a country where lack of employment opportunity and hostile families frequently drive queer people into poverty and isolation these individuals have struggled to build a community that will offer solace protection and even joy Lives in Transition portrays remarkable and inspiring resilience in the human struggle against a repressive social environment and demonstrates how friendship and community can help people shape their own futures Lives in Transition was designed by Emerson Wajdowicz Studios EWS

**Dark Tears** Claudia Jares, 2019-06-04 A beautifully packaged and profound exploration of human desire and queer sexuality in Latin America by the acclaimed Argentinian photographer Claudia Jares In Dark Tears award winning Argentinian photographer and performance artist Claudia Jares takes her lens to the reality of queer experience in Argentina Venezuela and across Latin America exploring questions of sexuality religion and identity with the raw eroticism that is the hallmark of her style Here she tells the stories of a number of people struggling to come to terms with their identity in a region that despite much progress in LGBTQ rights in recent years still moves to a strongly conservative Christian heartbeat that condemns same sex relations and reveres the institution of the heteronormative family Drawing on the queer traditions of burlesque and drag Dark Tears is a journey into an interior erotic landscape as it profiles a number of different couples gay lesbian gender nonconforming to delve into the hidden corners and diverse configurations of human desire as it conflicts with more staid traditional values A balance of celebrating acceptance and recalling the clandestine furtive history of queer sexuality these explicit black and white and color images are a challenge to the viewer as voyeur but also an invitation to enter with empathy into the intimate world of Jares's subjects Dark Tears was designed by Emerson Wajdowicz Studios EWS

**Two Women in Their Time** Misha Friedman, 2020-12-08 A collaboration between the National Book Award winning journalist and the prize winning photographer on the queer resistance theater troupe In the fall of 2017 the internationally acclaimed underground theater troupe Belarus Free Theatre took New York by storm for a production of their harrowing anti torture anti Putin play Burning Doors They were joined by Maria Alyokhina a member of Russian punk group Pussy Riot who made international headlines when they were imprisoned for staging an anti Putin performance in a Moscow cathedral The play met with enthusiastic acclaim from critics with New York magazine praising it as a smart smoldering physically brutal piece of theater In Two Women in Their Time award winning documentary photographer Misha Friedman and New Yorker reporter Masha Gessen take us backstage giving us an intimate look at this fiercely creative drama troupe that cannot officially perform in its homeland which remains a dictatorship in all but name The

result is an astonishing series of photos documenting the group's productions in New York and Gessen and Friedman's visit to Minsk to meet Svetlana Sugako and Nadezhda Brodskaya the young lesbian couple who keep the Belarus Free Theatre running. They live a life in the borderlands between underground and public between the closet and being out in a country where same sex sexual activity is legal yet remains taboo. Their work proves that queerness will always be dangerous to autocracy. *Two Women in Their Time* was designed by Emerson Wajdowicz Studios EWS     *The Kids* Gabriela

Herman, 2017-10-10 PAPERBACK ORIGINAL A stunning new photobook featuring more than fifty portraits of children brought up by gay parents in America sixth in a groundbreaking series that looks at LGBTQ communities around the world. Judges, academics and activists keep wondering how children are impacted by having gay parents. Maybe it's time to ask the kids. For the past four years award winning photographer Gabriela Herman whose mother came out when Herman was in high school and was married in one of Massachusetts' first legal same sex unions has been photographing and interviewing children and young adults with one or more parent who identify as lesbian, gay, trans or queer. Building on images featured in a major article for the New York Times Sunday Review and The Guardian and working with the Colage organization the only national organization focusing on children with LGBTQ parents *The Kids* brings a vibrant energy and sensitivity to a wide range of experiences. Some of the children Herman photographed were adopted, some conceived by artificial insemination. Many are children of divorce. Some were raised in urban areas, other in the rural Midwest and all over the map. These parents and children juggled silence and solitude with a need to defend their families on the playground, at church and at holiday gatherings. This is their story. *The Kids* was designed by Emerson Wajdowicz Studios EWS     *Revealing Selves* Kike

Arnal, 2018-04-10 A beautifully photographed exploration of what it means to be transgender in Argentina part of a series of photobooks on LGBTQ communities around the world. Argentina was the first nation in Latin America to legalize same sex marriage. It also passed legislation making it one of the most advanced countries worldwide in terms of transgender rights the culmination of a long battle fought by LGBTQ support groups. In the beautifully packaged and affordably priced *Revealing Selves* award winning photographer Kike Arnal collaborates with individuals in Argentinian transgender communities living side by side with them and documenting their day to day lives in a series of strikingly intimate color and black and white images. Among them are a former sex worker who is now a recognized leader of the Buenos Aires trans community, a single trans mother of three teenage girls whose partner had fallen victim to drug abuse and the residents of the Hotel Gondolin a small derelict family hotel now inhabited by a few dozen trans women. Despite the progress the situation in Argentina is far from perfect. Trans people are still discriminated against and subject to verbal violence, physical assault and police abuse. Of interest to LGBTQ activists and photography enthusiasts alike *Revealing Selves* is both a celebration of the trans community in Argentina and a clear eyed examination of what remains to be done in the struggle for trans rights. *Revealing Selves* was designed by Emerson Wajdowicz Studios EWS     **Borderlines: Drawing Border Lives** Steven P. Schneider, 2012-11

Featuring 25 drawings in charcoal conte crayons and pastels this handbook pairs portraits of people who live and work along the U S Mexico border with bilingual poems that have been inspired by each of the drawings A testimony to the people of the Rio Grande Valley these drawings and poems capture their spirit their quest for happiness and their struggles to overcome economic hardship This remarkable book highlights characters such as the young street musician the six year old street vendor and the wise woman with rings Compassionate and aesthetically compelling this record raises awareness about social and cultural issues associated with border life such as education literacy and poverty and fosters cross cultural understanding

**Border Identifications** Pablo Vila,2009-06-03 From poets to sociologists many people who write about life on the U S Mexico border use terms such as border crossing and hybridity which suggest that a unified culture neither Mexican nor American but an amalgamation of both has arisen in the borderlands But talking to people who actually live on either side of the border reveals no single commonly shared sense of identity as Pablo Vila demonstrated in his book Crossing Borders Reinforcing Borders Social Categories Metaphors and Narrative Identities on the U S Mexico Frontier Instead people living near the border like people everywhere base their sense of identity on a constellation of interacting factors that includes regional identity but also nationality ethnicity and race In this book Vila continues the exploration of identities he began in Crossing Borders Reinforcing Borders by looking at how religion gender and class also affect people s identifications of self and others among Mexican nationals Mexican immigrants Mexican Americans Anglos and African Americans in the Ciudad Ju rez El Paso area Among the many fascinating issues he raises are how the perception that all Mexicans are Catholic affects Mexican Protestants and Pentecostals how the discourse about proper gender roles may feed the violence against women that has made Ju rez the women s murder capital of the world and why class consciousness is paradoxically absent in a region with great disparities of wealth His research underscores the complexity of the process of social identification and confirms that the idealized notion of hybridity is only partially adequate to define people s identity on the U S Mexico border

**Border People** Oscar J. Martínez,1994-05-01 While the U S Mexico borderlands resemble border regions in other parts of the world nowhere else do so many millions of people from two dissimilar nations live in such close proximity and interact with each other so intensely Borderlanders are singular in their history outlook and behavior and their lifestyle deviates from the norms of central Mexico and the interior United States yet these Mexicans Mexican Americans and Anglo Americans also differ among themselves and within each group may be found cross border consumers commuters and people who are inclined or disinclined to embrace both cultures Based on firsthand interviews with individuals from all walks of life Border People presents case histories of transnational interaction and transculturation and addresses the themes of cross border migration interdependence labor border management ethnic confrontation cultural fusion and social activism Here migrants and workers functionaries and activists and mixers who have crossed cultural boundaries recall events in their lives related to life on the border Their stories show how their lives have been shaped by the borderlands milieu and how

they have responded to the situations they have faced Border People shows that these borderlanders live in a unique human environment shaped by physical distance from central areas and constant exposure to transnational processes The oral histories contained here reveal to a degree that no scholarly analysis can that borderlanders are indeed people each with his or her own individual perspective hopes and dreams

**Translated Woman** Ruth Behar, 2014-10-28 Translated Woman tells the story of an unforgettable encounter between Ruth Behar a Cuban American feminist anthropologist and Esperanza Hernandez a Mexican street peddler The tale of Esperanza's extraordinary life yields unexpected and profound reflections on the mutual desires that bind together anthropologists and their subjects

**Gender Transitions Along Borders** Marlene Solis, 2016-04-28 In recent decades women living in border cities have taken on new roles and have become one of the most vulnerable population groups experiencing the effects of the economic crisis of the early 21st century and the consequent increase in social inequality and violence This situation is particularly evident for the northern borderlands of Mexico and Morocco The geopolitical position of these regions is defined by their strong existing asymmetry with their neighbouring countries the United States in the case of Mexico and the Mediterranean European countries in the case of Morocco This book contributes to the understanding of current changes in the workplace in family in sexuality and sexual violence within the setting of the borderlands through various studies addressing the manner in which these transformations are interpreted and experienced by women in everyday life and in their individual and collective agency

*Intimate Migrations* Deborah A. Boehm, 2013-07 In her research with transnational Mexicans Deborah A Boehm has often asked individuals if there were no barriers to your movement between Mexico and the United States where would you choose to live Almost always they desire the freedom to come and go Yet the barriers preventing such movement are many Because of rigid U S immigration policies Mexican immigrants often find themselves living long distances from family members and unable to easily cross the U S Mexico border Transnational Mexicans experience what Boehm calls intimate migrations flows that both shape and are structured by gendered and familial actions and interactions but are always defined by the presence of the U S state By showing how intimate relations direct migration and by looking at kin and gender relationships through the lens of illegality Boehm sheds new light on the study of gender and kinship as well as understandings of the state and transnational migration

**The Border Crossers** David S. North, 1970 **Border Film Project** Rudy Adler, 2007 **Negotiated Lives** Robert R. Alvarez, 1998

**Icons & Symbols of the Borderland** Diana Molina, 2020 Wall or no wall View the US Mexico borderland saga through the eyes of artists who've lived it including some of the children held in detention camps More than 100 artworks represent a variety of mediums from large paintings to mixed media collage neon photography and sculpture Based on a traveling exhibit by members of the El Paso based Juntos Art Association the images explore the region's animal and plant ecosystems food and religious culture and history The artists reflect deep roots both north and south of the border and the inherent mestizaje a blend of indigenous Mexican and American heritage across the length of the bicultural binational

landscape Their work makes vibrant personal and political statements that speak constructively about how to move forward in this fraught region Combined with accompanying essays this book shares a rare close up view of the US Mexico crossroads at a critical point in US history     *By the Lake of Sleeping Children* Luis Urrea,1996-09-01 By the Lake of Sleeping Children explores the post NAFTA and Proposition 187 border purgatory of garbage pickers and dump dwellers gawking tourists and relief workers fearsome coyotes and their desperate clientele In 16 indelible portraits Urrea illuminates the horrors and the simple joys of people trapped between the two worlds of Mexico and the United States and ignored by both The result is a startling and memorable work of first person reportage     **Border People** Oscar Jáquez Martínez,1994
