**Borrowed Power** Bruce H. Ziff, Pratima V. Rao, 1997 An informative and insightful collection of essays on cultural appropriation focusing on America's appropriation and use of Native American culture specifically *Protection of First Nations Cultural Heritage* Catherine Bell, Robert Paterson, 2009-05-01 Indigenous peoples around the world are seeking greater control over tangible and intangible cultural heritage. In Canada issues concerning repatriation and trade of material culture heritage site protection treatment of ancestral remains and control over intangible heritage are governed by a complex legal and policy environment. This volume looks at the key features of Canadian, US and international law influencing indigenous cultural heritage in Canada. Legal and extralegal avenues for reform are examined and opportunities and limits of existing frameworks are discussed. Is a radical shift in legal and political relations necessary for First Nations concerns to be meaningfully addressed?

**Teacher Preparation at the Intersection of Race and Poverty in Today's Schools** Patrick M. Jenlink, 2019-08-09 Teacher Preparation at the Intersection of Race and Poverty in Today's Schools introduces the reader to a collection of thoughtful works by authors that represent current thinking about teacher preparation. Importantly the book is divided into two primary sections the first being four chapters that offer understanding of the depth and breadth of the intersection of race and poverty as it relates to teaching and teacher preparation. The second section presents Dialogues of Teacher Education focused on Meeting the Challenge of Race and Poverty in Our Schools. The Role of Teacher Education with eight contributing authors who reflect on and give voice to meeting the challenge. Finally two book reviews are presented that align with the concern for preparing teachers to enter schools at the intersection of race and poverty on a daily basis.

**Denver University Law Review**, 2000 **Public Interest, Private Property** Anneke Smit, Marcia Valiante, 2015-12-15 At a time when pollution, urban sprawl and condo booms are leading municipal governments to adopt prescriptive laws and regulations this book lays the groundwork for a more informed debate between those trying to preserve private property rights and those trying to assert public interests. Rather than asking whether community interests should prevail over the rights of private property owners, *Public Interest Private Property* delves into the heart of the argument to ask key questions. Under what conditions should public interests take precedence? And when they do in what manner should they be limited? Drawing on case studies from across Canada the contributors examine the tensions surrounding expropriation, smart growth, tree bylaws, green development and municipal water provision. They also explore frustrations arising from the perceived loss of procedural rights in urban planning decision making, the absence of a clear definition of public interest and the ambiguity surrounding the controls property owners have within a public planning system.

**Indigenous Rights** Anthony J. Connolly, 2017-05-15 Throughout the world indigenous rights have become increasingly prominent and controversial. The recent adoption by the United Nations General Assembly of the Declaration on the Rights of Indigenous Peoples is the latest in a series of significant developments in the recognition of such rights across a range of jurisdictions. The papers in this

collection address the most important philosophical and practical issues informing the discussion of indigenous rights over the past decade or so at both the international and national levels Its contributing authors comprise some of the most interesting and influential indigenous and non indigenous thinkers presently writing on the topic Mischief Making Nicola Levell,2021-10-15 In a gorgeously illustrated exploration of the art of Michael Nicoll Yahgulanaas Mischief Making disproves any notion that play is frivolous Deploying mischievous tactics Yahgulanaas shines a spotlight on serious topics Expressive and exuberant comic and imaginative these characteristics suffuse the work of the internationally recognized creator of Haida manga His distinctive style stretches twists and flips the formlines of classic Haida art to create imagery that resonates with the graphic vitality of Asian manga Mischief Making delineates the evolution of the artist s visual practice into a uniquely hybrid aesthetic uncovering its philosophical underpinnings This engaging beautiful book reveals the artist s deep understanding of the seriousness of play As he investigates the intersections of Indigenous and other worldviews the politics of land cultural heritage and global ecology Yahgulanaas disrupts the expected allowing different ways of experiencing knowing and seeing the world to emerge *Journal of Folklore Research* ,2011
