## American Sniper Harkins:

**Comes the War** Ed Ruggero,2021-02-09 Set against the heroism and heartbreak of WW II former Army officer Ed Ruggero's *Comes the War* brilliantly captures the timeless stories of ordinary people swept up in extraordinary times April 1944 the fifty fifth month of the war in Europe The entire island of Britain fairly buzzes with the coiled energy of a million men poised to leap the Channel to France the first riskiest step in the Allies long slog to the heart of Germany and the end of the war Lieutenant Eddie Harkins is tasked to investigate the murder of Helen Batcheller an OSS analyst Harkins is assigned a British driver Private Pamela Lowell to aid in his investigation Lowell is smart brave and resourceful like Harkins she is prone to speak her mind even when it doesn't help her Soon a suspect is arrested and Harkins is ordered to stop digging Suspicious he continues his investigation only to find himself trapped in a web of Soviet secrets As bombs fall Harkins must solve the murder and reveal the spies before it is too late At the Publisher's request this title is being sold without Digital Rights Management Software DRM applied

**American Tragedy** David E. Kaiser,2000 A re creation of the deliberations actions and deceptions that brought two decades of post World War II confidence to an end this book offers an insight into the Vietnam War at home and abroad and into American foreign policy in the 1960s

## **The Fate of Abraham**

Peter Oborne,2022-05-12 As the Cold War faded into history it appeared to have been replaced by a new conflict between Islam and the West Or so we are told After the events of 9 11 and the advent of the war on terror this narrative seemed prophetic But as Peter Oborne reveals in this masterful new analysis the concept of an existential clash between the two is a dangerous and destructive fantasy Based on rigorous historical research and forensic contemporary journalism that leads him frequently into war torn states and bloody conflict zones Oborne explains the myths fabrications and downright lies that have contributed to this pernicious state of affairs He shows how various falsehoods run deep reaching back as far as the birth of Islam and have then been repurposed for the modern day Many in senior positions in governments across the West have suggested that Islam is trying to overturn our liberal values and even that certain Muslims are conspiring to take over the state while Douglas Murray claims in his new book that we face a War on the West But in reality these fears merely echo past debates as we continue to repeat the pattern of seemingly wilful ignorance With murderous attacks on Muslims taking place from Bosnia in 1995 to China today Oborne dismantles the falsehoods that lie behind them and he opens the way to a clearer and more truthful mutual understanding that will benefit us all in the long run

**US Defense Politics** Harvey M. Sapolsky,Eugene Gholz,Caitlin Talmadge,2020-12-30 This book provides an accessible overview of US defense politics for upper level students This new edition has been updated and revised with new material on the Trump Administration and Space Force Analyzing the ways in which the United States prepares for war the authors demonstrate how political and organizational interests determine US defense policy and warn against over emphasis on planning centralization and technocracy Focusing on the process of defense policy making rather than just the outcomes of that process US Defense

Politics departs from the traditional style of many textbooks. Designed to help students understand the practical side of American national security policy the book examines the following key themes: US grand strategy, the roles of the president and the Congress in controlling the military, organizational interests and civil-military relations, who joins America's military, what happens to veterans after wars, how and why weapons are bought, the management of defense and intra and inter-service relations, public attitudes toward the military, homeland security and the intelligence community. The fourth edition will be essential reading for students of US defense politics, national security policy and homeland security and highly recommended for students of US foreign policy, public policy and public administration.
