American Sniper Instant Video:

Virtual Weaponry Aaron Tucker, 2017-10-26 This book examines the convergent paths of the Internet and the American military interweaving a history of the militarized Internet with analysis of a number of popular Hollywood movies in order to track how the introduction of the Internet into the war film has changed the genre and how the movies often function as one part of the larger Military Industrial Media Entertainment Network and the Total War Machine The book catalogues and analyzes representations of a militarized Internet in popular Hollywood cinema arguing that such illustrations of digitally networked technologies promotes an unhealthy transhumanism that weaponizes the relationships between the biological and technological aspects of that audience while also hierarchically placing the human components at the top Such filmmaking and movie watching should be replaced with a critical posthumanism that challenges the relationships between the audience and their technologies in addition to providing critical tools that can be applied to understanding and potentially resist modern warfare

[American Girls](#) Jessica Roy, 2024-01-16 The Sally sisters raised in a rural Jehovah s Witness community in Arkansas spent their teens and twenties moving between cities and towns in the South and Midwest working difficult and poorly paid jobs and falling in and out of relationships Caught in an eternal sibling rivalry where Lori younger by a year protected bold outgoing reckless Sam the two women eventually married a pair of brothers and settled down in Elkhart Indiana just around the corner from each other And it was there that their lives totally and violently diverged Today Sam is in federal custody where she will remain for the next six years after pleading guilty to Financing Terrorism In July of 2018 she and her children were plucked from a Kurdish refugee camp in Syria where she landed after spending two years in Raqqa shielding her children from airstrikes as her husband fought for ISIS Sam s oldest son appeared in several Islamic State propaganda videos and she participated in ISIS s

practice of enslaving Yazidi women and children Sam says her husband coerced her to move to Raqqa but Lori who quit her job and worked tirelessly to get Sam out of Syria isn't so sure American Girls combines an in depth examination of Sam and Lori's lives with on the ground reporting from Syria and Iraq providing readers with a rare glimpse into the world of American women who join ISIS Interweaving deeply reported narrative drama with expert analysis the book explores how the structures of subjugation and abuse experienced at home by women in the U S like Sam and Lori are the same structures that enable the rise of patriarchal societies like ISIS Fascinating resonant and moving American Girls is an unforgettable journey from small town Arkansas to Raqqa from domestic abuse to a militant terrorist organization all through the story of two close complicated sisters

Changing Geopolitics of Global Communication Daya Thussu, 2024-07-31 Changing Geopolitics of Global Communication examines the rapidly evolving dynamics between global communication and geopolitics As an intersection between communication and international relations it bridges the existing gap in scholarship and highlights the growing importance of digital communication in legitimizing and promoting the geopolitical and economic goals of leading powers One central theme that emerges in the book is the continuity of asymmetries in power relations that can be traced back to 19th century European imperialism manifested in its various incarnations from liberal to neo liberal to digital imperialism The book includes a discussion of the post Cold War US led transformation of the hardware and software of global communication and how it has been challenged by the rise of the rest especially China Other key issues covered include the geopolitics of image wars weaponization of information and the visibility of discourses emanating from outside the Euro Atlantic zone The ideas and arguments advanced here privilege a reading of geopolitical processes and examples from the perspective of the global South Written by a leading scholar of global communication this comprehensive and transdisciplinary study adopts a holistic approach and will be of interest to the global community of scholars researchers and commentators in communication and international relations among other fields *Copycat Crime* Jacqueline B.

Helfgott, 2023-07-27 Details the new phenomena of copycat crime inspired by technology and the hyperreality fueled in some people by digital culture and video games Across her 30 year career in criminology author Jacqueline Helfgott has watched with fascination and fear as the world has shifted from a place where one dimensional televised news each evening and newspapers bought each morning provided the only information on crimes and killings Now nonstop instant global news coverage on 24 hour television and the internet enables people to see and replay not only crime violence terrorism and murder coverage provided by journalists in real time but also Facebook and YouTube feeds filmed by the criminals themselves while perpetrating the crimes In this riveting text about the consequences of our technical digital and cultural changes Helfgott focuses on how these advances are perpetuating this era's new and more massively deadly acts The book intertwines vignettes from current events perpetrator statements police reports and current research to show how copycat crimes are linked to media technology and our digital culture Concluding with recommendations to reduce the criminogenic

effects of media technology and digital culture this book also includes an appendix listing technology and media influenced copycat crimes

Transnational Film and the US Wars in Iraq & Afghanistan Marzena Sokołowska-Paryż, Marek Paryż, 2025-01-15 This book offers insights into diverse non American national perspectives on the US led military interventions in Afghanistan and Iraq within the generic frames of the war film While the best known films about the post 9 11 wars in the Middle East are American productions various other national cinematographies have responded to these conflicts which is not surprising given the fact that international coalitions were formed to support the US military effort However non American war films about these US instigated interventions have received little attention outside their own national contexts This volume fills in the gap in the existing war film criticism by offering insights into how the Afghanistan War 2001 2021 and the Iraq War 2003 2011 have been represented in popular and documentary filmic productions in Iraq Afghanistan Great Britain Germany Denmark Poland Spain and Australia The contributions prove the need for transnationalism as an eye opening perspective on the war film genre by underscoring nationally specific social political and aesthetic differences alongside important correspondences between cultural productions across nations Transnational film and the US wars in Iraq and Afghanistan will be a key resource for scholars and researchers of film studies media and cultural studies film history war studies literary criticism and sociology It was originally published as a special issue of Journal of War Culture Studies
