Nilsen,Sarah E. Turner,2021-11-29 This volume examines the ways in which the media including film television social media and gaming has constructed and sustained a narrative of white supremacy that has entered mainstream American discourse With chapters by today s preeminent critical race scholars the book looks in particular at the ways media institutions have circulated white supremacist ideology across a wide range of platforms and texts that have had significant impact on shaping our current polarized and racialized social and political landscape Systematically scrutinizing every media platform this volume provides readers with an understanding of the ways in which media has provided institutional support for white supremacist ideology and presents them with the means to examine and analyze the persistence of these narratives within our racial discourse thus offering the necessary knowledge to challenge and transform these racially divisive and destructive narratives **White Supremacy and the American Media** will be of interest not only to scholars working in critical race studies and popular culture in the United States but also to those working in the fields of Film and Television Studies Sociology Geography Art History Communication and Media Studies Cultural Studies American Studies Popular Culture and Media Studies **Globalizing Collateral Language** Somdeep Sen,John Collins,2021-09 **My High Adventures Behind the Movie Scenes** Rene Veluzat,2021-02-09 I started in the

 Picart, 2020-11-18 *Monsters Law Crime* an edited collection composed of essays written by prominent U S and international
 experts in Law Criminology Sociology Anthropology Communication and Film constitutes a rigorous attempt to explore fertile
 interdisciplinary inquiries into monsters and monster talk and law and crime This edited collection explores and updates
 contemporary discussions of the emergent and evolving frontiers of monster theory in relation to cutting edge research on
 law and crime as extensions of a Gothic Criminology This theoretical framework was initially developed by Caroline Joan Kay
 S Picart a Philosophy and Film professor turned Attorney and Law professor and Cecil Greek a Sociologist Picart and Greek
 2008 Picart and Greek proposed a Gothic Criminology to analyze the fertile synapses connecting the real and the reel in the
 flow of Gothic metaphors and narratives that abound around criminological phenomena that populate not only popular
 culture but also academic and public policy discourses Picart s edited collection adapts the framework to focus
 predominantly on law and the social sciences **American Drama Since 1960** Matthew Charles Roudané, 1996 In the
 early 1960s two leaders of the New York performance group Living Theatre were asked to define its purpose In this survey of
 contemporary American drama Matthew C Roudane argues that the response of these two pioneers in experimental theater
 Julian Beck and Judith Malina goes a long way toward explaining the purpose of all of the rich and varied dramas to appear
 on the stage since 1960 To increase conscious awareness to stress the sacredness of life to break down the walls African
 American playwrights Lorraine Hansberry Alice Childress James Baldwin Amiri Baraka women playwrights Marsha Norman
 Wendy Wasserstein Beth Henley gay playwrights Harvey Fierstein Tony Kushner and others have over the past three and a
 half decades entreated audiences to acknowledge the persistence of racism sexism homophobia and a host of other societal
 ills Other playwrights have asked audiences to confront their own mortality Edward Albee their compromised morality David
 Mamet their unfulfilled American Dream Arthur Miller Sam Shepard and countless others Whatever the particularities of
 these playwrights personal identities politics of dramatic style they share a willingness to confront uncomfortable truths
 about the human condition in America since 1960 Ironically it is in their very rebellion against any number of things
 American that they identify themselves and their literature as such Roudane takes no scattershot approach to his subject
 Favoring clusters of themes and the broad sweep of movements to linear chronology he develops a carefully aimed analysis
 of the work of about two dozen of the hundreds of playwrights whose dramas have since 1960 been performed in every venue
 from regional and university theaters to Off Off Broadway to Off Broadway to Broadway **BOOK JACKET Title Summary field**
