Contemporary Cinema and 'Old Age' Josephine Dolan, 2018-02-06 This book is the first to explore old age in cinema at the intersection of gender ageing celebrity and genre studies It takes its cue from the dual meanings of silvering economics and ageing and explores shifting formulations of old age and gender in contemporary cinema Broad in its scope the book establishes the importance of silver audiences to the survival of cinema exhibition while also forging connections between the pleasures of old age films consumer culture the economy of celebrity and the gendered silvering of stardom The chapters examine gendered genres such as romantic comedies action and heist movies the prosthetics of costume and CGI enabled age transformations Through this analysis Josephine Dolan teases out the different meanings of ageing masculinity and femininity offered in contemporary cinema She identifies ageing femininity as the pathologised target of rejuvenation while masculine ageing is seen to enhance an enduring youthfulness This book has interdisciplinary appeal and will engage scholars interested in old age and gender representations in contemporary cinema

Cinema and Soft Power Rachel Dwyer, Stephanie Dennison, 2021-06-24 The apparent shift in power relations between the developed and developing world along with the increasing emphasis that national and transnational organisations place on the role of soft power in global foreign policy has profound implications for global film culture Focusing primarily on the BRICS countries Brazil Russia India China and South Africa this innovative collection examines the diverse and often competing ways the group as a whole engages with film as a medium of artistic expression and as a soft power resource The contributors explore the wider implications for world cinema of its members differing and dynamic positions in the global media landscape and the book includes a comparative analysis by examining the post imperial soft power of the UK at the time of Brexit

Hollywood's Imperial Wars Armando José Prats, 2024-04-16 When the Vietnam War punctured the myth of American military invincibility Hollywood needed a new kind of war movie The familiar triumphal narrative was relegated to history and with it the heroic legacy that had passed from one generation to the next for more than two hundred years How Hollywood helped create and instill the American myth of heroic continuity and how films revised that myth after the Vietnam War is what Armando José Prats explores in *Hollywood's Imperial Wars* The book offers a new way of understanding the cultural and historical significance of Vietnam in relation to Hollywood's earlier representations of Americans at war from the mythic heroism of a film like *Sands of Iwo Jima* to the rupture of that myth in films such as *The Deer Hunter* *Apocalypse Now* and *Platoon* As early as the mid 1940s Prats suggests fears aroused by the Cold War were stirring anxieties about sustaining the heroic myth anxieties reflected in the insistent aggressive patriotism in films of the period In this context Prats considers the immeasurable cultural importance of John Wayne the cinematic apotheosis of wartime valor and righteousness whose patriotism was nonetheless deeply compromised by his not having served in World War II Prats reveals how historical and cultural anxieties emerge in well known Vietnam movies in which characters inspired by the heroes of the Second World War are denied the heroic legacy of their fathers American war movies in Prats's analysis were forever altered by the loss in Vietnam Even movies like *American Sniper* that exalt war heroes are marked as much by the failure of the heroic tropes of old Hollywood war movies as by the tragic turn of actual historical events Tracing what Prats calls the anxiety of legacy through the films of the World War II and post Vietnam War periods this book offers a new way of looking at both the Hollywood war movie and the profound cultural shifts it reflects and refracts
