**Sufism and Zen in the West** Saeko Yazaki,Michael Conway,2025-02-20 Historically and culturally Sufism and Zen may not seem to have anything in common However in the West their spiritual messages are often perceived as strikingly similar In this book scholars analyse the ways in which Sufism and Zen were introduced to and developed in the West The collection shows that the popularity of these religions arose not because of the substantive shared elements within the two traditions but because their promoters in the West employed similar strategies to respond to the interests of a modern Western audience The first book to make a close comparison of Sufism and Zen this study is an important contribution to understanding Western religious life and processes of easternisation It sheds new light on how Sufism and Zen came to represent a spirituality that is both countercultural and in touch with modern sensitivities     Competence in Social Work Practice Kieran O'Hagan,2007 Making a major advance in social work training this book illustrates social work competences by describing genuine cases real people and real contexts All identifying features have been changed to preserve confidentiality     *Islamic Review and Muslim India* ,1913     **The Spread of Islam in France** Michel Reeber,2001 Since the beginning of the 1980s France has witnessed intensive preaching activity in Muslim quarters Hitherto studies of Islamic preaching by the Muslim community that has settled in France for some decades has been rare This book tries to bring out the significance of this phenomenon of reislamization and mobilisation of the Muslim community in France It also analyses how the preaching of Islam is modified palpably as it evolves in the Western context     **Islam as it is** Saniyasnain
