

SECOND EDITION

AMERICAN RELIGION

Contemporary Trends

MARK CHAVES

WITH A NEW PREFACE BY THE AUTHOR

American Religion Contemporary Trends

Jessica J Manson

American Religion Contemporary Trends:

American Religion Mark A. A. Chaves, 2013-08-25 The most authoritative resource on religious trends in America Most Americans say they believe in God and more than a third say they attend religious services every week Yet studies show that people do not really go to church as often as they claim and it is not always clear what they mean when they tell pollsters they believe in God or pray American Religion presents the best and most up to date information about religious trends in the United States in a succinct and accessible manner This sourcebook provides essential information about key developments in American religion since 1972 and is the first major resource of its kind to appear in more than two decades Mark Chaves looks at trends in diversity belief involvement congregational life leadership liberal Protestant decline and polarization He draws on two important surveys the General Social Survey an ongoing survey of Americans changing attitudes and behaviors begun in 1972 and the National Congregations Study a survey of American religious congregations across the religious spectrum Chaves finds that American religious life has seen much continuity in recent decades but also much change He challenges the popular notion that religion is witnessing a resurgence in the United States in fact traditional belief and practice is either stable or declining Chaves examines why the decline in liberal Protestant denominations has been accompanied by the spread of liberal Protestant attitudes about religious and social tolerance how confidence in religious institutions has declined more than confidence in secular institutions and a host of other crucial trends **The American Religion**, 1976 **Religion in America** Lisa D. Pearce, Claire Chipman Gilliland, 2020-08-04 Written in an engaging and accessible tone Religion in America probes the dynamics of recent American religious beliefs and behaviors Charting trends over time using demographic data this book examines how patterns of religious affiliation service attendance and prayer vary by race and ethnicity social class and gender The authors identify demographic processes such as birth death and migration as well as changes in education employment and families as central to why some individuals and congregations experience change in religious practices and beliefs while others hold steady Religion in America challenges students to examine the demographic data alongside everyday accounts of how religion is experienced differently across social groups to better understand the role that religion plays in the lives of Americans today and how that is changing **American Religion**, 2008 **World Christian Trends Ad30-ad2200 (hb)**, 2001 *High on God* James Wellman Jr., Katie Corcoran, Kate Stockly, 2020-01-10 High on God offers a fascinating study of the rise of megachurches and the reasons that these churches have conquered the American church market The authors reveal the emotional and social dynamics that pull thousands of people into megachurches and keep them there *Caught in the Current* Sam Reimer, 2023-04-15 Evangelical Christianity is known for its defence of traditional Christian teachings and resistance to liberalizing trends Many Western evangelicals themselves do not yet realize how their faith is being reshaped by the modern zeitgeist Caught in the Current explores how and why Western evangelicals are changing Church attendance is declining conservative moral positions are unpopular and

young people are drifting away from the faith Evangelism is avoided so few are joining congregations Yet these surface changes are only symptoms of a more profound shift that church leaders have not fully apprehended Drawing upon 125 interviews with British and Canadian clergy and active laity Sam Reimer argues that evangelicals have been deeply influenced by a post Christian culture that has rejected institutional religious authority and embraced self spirituality As individual evangelicals struggle to navigate these waters and to distance themselves from politicized evangelicalism in the United States they are caught between conformity and resistance between faithfulness to church moral teachings and accommodation of secular values Many are responding by turning inward to define their Christian beliefs for themselves The ironic result is that the decline of institutional religious authority is not happening just in Western culture but within evangelical churches as well Caught in the Current is an insightful and nuanced assessment of how British and Canadian evangelicals are navigating a post Christian culture often in ways that are distinct from how their counterparts in the United States approach it

Shopping for Faith Richard Cimino, Don Lattin, 2002-03-29 Shopping for Faith is as good as it gets in assessing the U S religion scene at millennium s end Cimino and Lattin present a picture of multiple trends headed in often contradictory directions Robert Ellwood emeritus professor of religion University of Southern California American religion flourishes in a consumer culture and presents us with a bewildering array of choices as we navigate the shopping mall of faith The authors identify dozens of trends which will shape American religion in the next century and bring together the latest research and intimate portraits of Americans describing their beliefs their religious heritage and their spiritual search With warmth and style the authors document how consumerism shapes religious practice from conservative evangelical worship to the most esoteric New Age workshop

Religious Leadership Sharon Henderson Callahan, 2013-06-20 This title tackles issues relevant to leadership in the realm of religion It explores such themes as the contexts in which religious leaders move leadership in communities of faith leadership as taught in theological education and training religious leadership impacting social change and social justice and more Topics are examined from multiple perspectives traditions and faiths

Issues and Trends in Contemporary African American Religion Paul Quinlan Rigmaiden, 1996

Contemporary American Religion Wade Clark Roof, 1999

Religion in America George C. Bedell, Leo Sandon, Charles Wellborn, 1982 This comprehensive narrative account of religion in America from 1607 through the present depicts the religious life of the American people within the context of American society It addresses topics ranging from the European Puritan origins of American religious thought the ramifications of the Great Awakening the effect of nationhood on religious practice and the shifting religious configuration of the late 20th century

Trends in American Religion and the Protestant World Martin E. Marty, 1992

Encyclopedia of Religion in America Charles H. Lippy, Peter W. Williams, 2010 Explores the origins development influence and interrelations of the many faiths practiced in North America including major world religions and emerging sects cults and movements

A Nation of Behavers Martin E. Marty, 1976 National Book

Award winning author and historian Martin E Marty's *A Nation of Behavers* is a characteristically perceptive new map of American religion. Marty's years of astute observation of America's religious trends and developments have yielded six informal but clearly defined clusters around which people attempt to find not only basic group identity but also some kind of power. Anyone concerned about belief and its manifestations will be immensely aided by Marty's cogent comments on recent religious happenings. *Commonweal*: This is a book for everyone more than for the scholar of American religion. Its value is in breadth of vision and new interpretation. *Dean R Hoge Theology Today*: As a means of making sense out of the potpourri of competing groups that compose religious America today *A Nation of Behavers* is a first rate tool. *Edward A Fiske New York Times*. **Journal of the American Association of University Women**, 1928 **American Literature: Nelson, John Herbert. Contemporary trends : since 1914**, 1949 **Contemporary Society** John Ambrose Perry, Erna Perry, 1988 *An Introduction to Contemporary Problems in the United States* Columbia University, 1929 **General Catalogue** Santa Barbara State Teachers College, 1975
