Understanding Cause and Effect

5.1. How did farming change the lives of early Americans?

Many scientists think that people traveled from Asia to North America over this land bridge, but some scientists disagree. They think people may have come from Asia in boats. Coming by boat would have made it easier for people to spread throughout North and South America faster.

No matter how they came, people eventually spread west all the way to the Atlantic Ocean. They also spread south to the southern tip of South America.

When a lot of people move from one area to another like this, it is called **migration**. People probably travelled in search of food. Early groups were **nomadic**. Nomadic are people who move from place to place, looking for good hunting grounds. Even though these people ate wild grains and fruits, much of their food came from hunting.

When the first peoples arrived from Asia, they found many animals to hunt. For example, they hunted bison and two animals that looked like elephants—mammoths and mastodons. These people hunted with spears...

Around 15,000 years ago, Earth began to warm. As temperatures rose, glaciers began to melt. The oceans rose, and water covered the Beringia land bridge. This cut Asia off from North America once again. The large animals began to disappear, too. Early Americans had to find other sources of food, which included fish and small animals.

Settlement

Around 10,000 years ago, there was a major change in how people got food: farming. People in what is now Mexico began planting a type of corn called **maize**. They also grew pumpkins, beans, and squash. These crops gave them a good supply of food, because they could grow their own food. There did not have to move around anymore. This meant they could spend more time doing other things. Their quality of life got better.

Americans Guided Answer Key:

American Politics Ronald E. Pynn, 1993 The theme of the book is as alive today as it ever was. The author continues to examine American politics from the perspective of change. This edition makes clear that change involves a postmodern America where international events and nations help shape our political environment. But change also is examined as it affects our domestic politics and institutions. Like any good textbook, the book attempts to provide the basic information and understanding of how the American political system operates. Since this book is intended for an introductory course in American government, it provides basic information on the institutions and principles operating in the political system. Pref

American Government Scott F. Abernathy, 2019-01-02 The main strength of this book is that it presents a human side to American Government that challenges students to think critically while still presenting the teaching side with objectives, self tests, and chapter reviews. Kathleen Barrett, University of West Georgia. In the Second Edition of American Government Essentials Edition, author Scott F. Abernathy tunes in to the voices of all Americans showing how our diverse ideas shape the way we participate and behave the laws we live by and the challenges we face. From the Constitutional Convention to Ferguson, Missouri, each chapter features rich personal narratives that illustrate how the American political system is the product of strategies, calculations, and miscalculations of countless individuals. It focuses on real people, the actions they take, the struggles they face, and how their choices influence outcomes. The key concepts are memorable because they are tied to real politics where students see political action and political choices shaping how institutions advance or impede the fulfillment of fundamental ideas. Participation is at the heart of this groundbreaking new text with ample background on how and why to participate. Not only will all students see themselves reflected in the pages but they will come to understand that they too are strategic players in American politics with voices that matter. American Government Essentials Edition is identical to the full version of the text minus the three policy chapters. A Complete Teaching and Learning Package. Americans Guided Answer Key: Bestsellers in 2023 The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous engrossing novels captivating the hearts of readers worldwide. Lets delve into the realm of popular books, exploring the fascinating narratives that have captivated audiences this year. The Must-Read : Colleen Hoovers "It Ends with Us" This heartfelt tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. Americans Guided Answer Key : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of compelling stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a brilliant and thrilling novel that will keep you wondering until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
