Into the Woods John Yorke, 2014-05-29 An analysis of the fundamental narrative structure why it works the meanings of stories and why we tell them in the first place The idea of Into the Woods is not to supplant works by Aristotle Lajos Egri Robert McKee David Mamet or any other writers of guides for screenwriters and playwrights but to pick up on their cues and take the reader on a historical philosophical scientific and psychological journey to the heart of all storytelling In this exciting and wholly original book John Yorke not only shows that there is truly a unifying shape to narrative one that echoes the great fairytale journey into the woods and one like any great art that comes from deep within he explains why too With examples ranging from The Godfather to True Detective Mad Men to Macbeth and fairy tales to Forbrydelsen The Killing Yorke utilizes Shakespearean five act structure as a key to analyzing all storytelling in all narrative forms from film and television to theatre and novel writing a big step from the usual three act approach Into the Woods A Five Act Journey into Story is destined to sit alongside David Mamet's Three Uses of the Knife Robert McKee's Story Syd Field's Screenplay and Lajos Egri's The Art of Dramatic Writing as one of the most original useful and inspiring books ever on dramatic writing Praise for Into the Woods Love storytelling You need this inspiring book John Yorke dissects the structure of stories with a joyous enthusiasm allied to precise encyclopedic knowledge Guaranteed to send you back to your writing desk with newfound excitement and drive Chris Chibnall creator writer Broadchurch and Gracepoint Outrageously good and by far and away the best book of its kind I've ever read I recognized so much truth in it But more than that I learned a great deal Time and again Yorke articulates things I've always felt but have never been able to describe This is a love story to story erudite witty and full of practical magic I struggle to think of the writer who wouldn't benefit from reading it even if they don't notice because they're too busy enjoying every page Neil Cross creator writer Luther and Crossbones Part how to manual part why to celebration Into the Woods is a wide reaching and infectiously passionate exploration of storytelling in all its guises exciting and thought provoking Emma Frost screenwriter The White Queen and Shameless

Jeremiah's Journey J Hand, 2012-09-20 This is a story of Jeremiah's rescue of the last Judean king's daughters It has elements of espionage action and adventure It may read like a modern thriller but it is based

on the life of the biblical Jeremiah and the histories and traditions of other nations It operates on the assumption that Jeremiah did exactly what God told him that he would do God told Jeremiah that he would see the destruction of his nation but also the replanting and rebuilding in a different land that he did not know The history uses modern dates There are many espionage characteristics because while he loudly proclaimed Gods message of the consequences to his nation of their choices he also had to use secrecy The survival of the culture in the captives taken to Babylonia depended on it Finally he would use secrecy to protect the last descendants of King David The main characters in this story besides Jeremiah are his partner Baruch a black royal guard captain Ebed Meleck and of course the king s daughters It does not conflict with the Bible but get ready to be entertained enlightened and inspired
