**Risk Society**

Professor Ulrich Beck,1992-07-01 This panoramic analysis of the condition of Western societies has been hailed as a classic This first English edition has taken its place as a core text of contemporary sociology alongside earlier typifications of society as postindustrial and current debates about the social dimensions of the postmodern Underpinning the analysis is the notion of the risk society The changing nature of society's relation to production and distribution is related to the environmental impact as a totalizing globalizing economy based on scientific and technical knowledge becomes more central to social organization and social conflict
