**Bulldust In My Bra** Rebecca Long Chaney, 2002-12 TALES OF A YOUNG COUPLE'S YEAR WORKING IN THE OUTBACK VIVIDLY TOLD IN BULLDUST IN MY BRA A dream year of working in Outback Australia offered more than Rebecca Long Chaney had anticipated She had more heat and dust more exhaustion building fence more hours herding berserk feral cattle more snakes and spiders in her sleeping quarters and more adventure than she'd ever imagined Bulldust In My Bra is the lively funny story of a brainy and brave woman who took a hiatus from her career as a successful agricultural journalist to travel with her husband into the farthest reaches of the Outback Their objective find a cattle station that would accept them as ranch hands and work till they dropped every day Chaney had grown up on a dairy farm and traveled widely reporting about the agricultural industry Her husband Lee was the herdsman on a dairy farm But they wanted a new challenge and what would be better than the Australian Outback On the way to Australia the Chaneys stopped in Tonga New Zealand and Papua New Guinea for escapades hiking and exploring but their real adventure began when they arrived in Western Australia with their eager faces and American accents Their home was a ruined shed with wide cracks to the wind and stars a drippy shower over a mud hole and lizards that darted across the walls Chaney soon got over her dismay and came to love their primitive conditions including the poisonous huntsman spider who was their shack mate Her anecdotes amusing and sad are full of vivid detail and exude the love she felt for the rough landscape and hardworking people who live there Her understanding of herself changed as did her relationship with her husband The highlights of their months in Australia was the lengthy task of gathering and processing the thousands of cattle that ran wild on the tens of thousands of Ashburton acres Over several months the crew chased them on horseback and with adapted cards called bull buggies There was tagging dehorning and castrating to be done in the cattle yards Bulls were separated and hauled in multiunit road trains to shipping yards The hundreds of running cattle churned up the dry earth into a fine bulldust that settled on everything the mark of long days in the bush Chaney describes their mustering days with such verve that the grueling work seems more like adventure sport than the life work on an Outback station Bulldust In My Bra is a witty and rewarding account of a couple's life changing year traveling and working half a world from home

Heartland Heroes Kenneth K. Hatfield, 2003 War is about patriotism about sacrifice about conquering fear And perhaps most of all it s about the guy in the foxhole next to you taking care of each other protecting each other loving each other a camaraderie so intense only men who have been in combat can ever know what it s like Yes most of all war is about love Heartland Heroes is a collection of remarkable stories from ordinary men and women who lived through extraordinary times They resided in places like Lee s Summit Independence and Kansas City yet their experiences were very much like those of World War II veterans everywhere Some were marines nurses or fighter pilots others were simply civilians who lived through the war under the martial law imposed on the Hawaiian Islands after the attack on Pearl Harbor In Heartland Heroes Ken Hatfield gathers the stories of more than eighty men and women whom he began interviewing in 1984 while reporting for a small weekly newspaper in Liberty Missouri Hatfield s first subject was a marine named Bob Barackman the uncle of one of Hatfield s coworkers That interview which lasted for several hours had a profound effect on Hatfield He began to realize that as a journalist he had a unique opportunity to preserve that small piece of history each veteran carries with him Hatfield spent the next seventeen years interviewing nearly one hundred World War II veterans and other individuals but it was not until August 2001 that he decided to compile the stories into a book The interviewees most of whom lived in the Kansas City area at the time of the interviews included Jim Daniels a Grumman Wildcat pilot who while trying to land at Pearl Harbor on the evening after the Japanese attack survived a blizzard of friendly fire which claimed the lives of three of his friends and fellow pilots Charles McGee a pilot with 143 combat missions to his credit who fought the Germans in the air and racism on the ground as one of the Tuskegee Airmen and Dee Nicholson who was just six years old when the Japanese bombed Pearl Harbor and her home on Hawaii She and her father recall what life was like for them and others including Japanese Americans after that fateful day Following the war these courageous men and women returned to the lives they had left and tried to adjust as best they could Hatfield collects their personal memories the memories of the heroes who helped to defend their nation in the last global conflict this country has seen They loaned Hatfield their medals commendations and regimental and divisional histories to help him document and

piece together their stories Virtually all of them downplayed their honors insisting they had done nothing special Through their stories Heartland Heroes effectively captures this fading period of time for future generations     Bayou Brides Janet Lee Barton,Lynette Sowell,Janet Spaeth,Kathleen Miller,2006 For nearly two centuries one families cabin has stood on the banks of Bayou Teche in the heart of Louisiana s Cajun Country Generations return sometimes begrudgingly to discover secrets of love and redemption hidden with its walls and written on the pages of a journal that got its start one thousand miles to the north     Vans Warped Book Heidi Siegmund Cuda,2003-02 Featuring photographs by Lisa Johnson The Warped Tour is where extreme music a blend of punk alternative hip hop ska and reggae and extreme sports come together Founded in 1995 it has become the longest running festival tour in America responsible for introducing the world to No Doubt Blink 182 Eminem Papa Roach Kid Rock and Limp Bizkit With over 500 000 dedicated fans in the U S alone the Warped Tour has also travelled the world with dates in Europe Japan and Australia Now this fully illustrated book documents the tour s highlights for all its fans
